

INVITE SENIOR CLASSES FROM MANY SCHOOLS TO VISIT HERE

Letters calling attention to the importance of Gettysburg as an historical shrine and inviting the senior classes of high schools throughout the eastern half of the United States to visit here are being mailed to thousands of schools by the Gettysburg Chamber of Commerce.

Signed by N. A. Meligakes, president of the chamber, the invitations read:

"The Gettysburg Chamber of Commerce cordially invites your class to visit the most historic shrine in America — The Gettysburg Battlefield. Historic Gettysburg is visited annually by tens of thousands of school children from every state in the Union.

"It is visited because it is here that Abraham Lincoln delivered his immortal Gettysburg Address — 'that this nation, under God, shall have a new birth of freedom, and that the government of the people, by the people, and for the people, shall not perish from the earth.'

"Reaffirm Your Faith"

"Every American, especially our young Americans, should visit the Gettysburg battlefield at least once, to reaffirm his faith in America and learn at first hand that here has been inscribed on a great battlefield the Symbol of Peace Eternal in a Nation United.

"Gettysburg is where your ancestors fought to preserve the Union. Do you know that from your own state men fought here side by side with men from other states, for what they believed to be just and right? Your own state has erected memorials and markers in their honor. In this National Park of more than 16,000 acres of beautiful and natural landscape are more than 2,500 memorials in bronze, marble, granite and steel, fifty miles dustless roads, dedicated to the Blue and Gray. The story of Gettysburg will thrill you and stir your spirit of patriotism.

WSCS PRESENTS GIFT TO CHURCH

A refrigerator will be purchased for the kitchen of the Methodist Church by the Women's Society of Christian Service of the church. It was announced at a society meeting Tuesday evening at the home of Mrs. Fred G. Pfeiffer, Baltimore St.

The group will also donate ten new light weight folding tables for the social room and will contribute \$100 toward the current expenses of the church this month.

Mrs. Bernard Murray opened the session with devotionals using the theme, "Our Faith." Mrs. R. D. Wickerham, president, presided. A report of the Carrie McMillan Buck Circle was submitted by Mrs. Milton R. Remmel, and Mrs. Wesley Ayre reported on the activities of the Isabella Thoburn Circle. Mrs. Ayre told the group about the sample fair to be held at the church February 26 for which tickets are now on sale.

The organization will be the host church to a Spiritual Life Retreat during the second week of March, it was announced.

Mrs. Victor K. Meredith was in charge of the program during which a quiz session was held. The women were divided into small groups to discuss the various problems in connection with "Human Rights." Afterwards the leader of each group reported to the society as a whole.

A social hour was held with refreshments reflecting the Valentine motif served by the hostess committee.

Mrs. Bessie Carey Rites Held Today

Funeral services for Mrs. Bessie Carey, who died at her home, 222 North 2nd St., Sunday morning, were held at 10 o'clock this morning at the Dugan Funeral Home, Bendersville, the Rev. William Hollingsworth officiating. Interment was at Mt. Holly Springs. The pallbearers were Ray Smith, Carl Bean, Clair Bean, Ellsworth Mohn, Clarence Gardner and Chester Cowers.

POSTPONE ROUND TABLE

The College Round Table program entitled, "Continuing Education for Maturity," scheduled for WGCT from 8 until 8:30 o'clock this evening has been postponed until Wednesday, February 18, at the same time because of the basketball game this evening between Gettysburg College and Franklin and Marshall College. Friday's College Variety Show will be broadcast as announced in Tuesday's paper.

Wants Ike To Speak Here Memorial Day

A former resident of Gettysburg, who remains anonymous because she doesn't "care for publicity," thinks no time should be lost in inviting President Dwight D. Eisenhower to speak in Gettysburg on Memorial Day this year.

In a letter addressed to the Chamber of Commerce, she said: "As a former Gettysburg girl and who still loves the town, won't you please invite President Eisenhower to come to Gettysburg Memorial Day, May 30, 1953? Please invite him before he makes other arrangements to go some other place.

"I am not signing my name as I don't care for publicity, but I'm one who loves and is proud of Gettysburg."

BAND BOOSTERS ASKING BIDS ON NEW UNIFORMS

Members of the Band Boosters Club of Gettysburg High School Tuesday evening accepted a special committee's recommendations and designated the style, color and materials for the new uniforms for the high school band.

The club is ready to ask bids on detailed specifications completed after Tuesday's meeting with contracts to be awarded at a meeting next month when sample uniforms will be on hand for the club to inspect before placing the order.

The new uniforms will be in the school colors of maroon and white. They will be made of wool whipcord, lined with rayon. The jackets will have the button-up military collar on a Lafayette style cadet coat which will be so made that it can be worn in a number of arrangements including several that make use of a braided maroon and white chest shield.

Need \$2,200

The hats will be the shako type topped with a white pompadour, replacing the current Pershing style hat.

There was discussion of the possibility of securing special shirts for band appearances in hot weather but decision on that point was delayed until results are known on the current campaign for \$5,000 to pay for the uniforms.

President Elmer H. Schriver presided at the meeting and announced that about \$2,800 is in the club's treasury to pay for the uniforms, including \$1,000 from the band treasury. Paul R. Mehring was chairman of the special committee on uniform selection and specifications. He presented the group's report Tuesday evening and used Henry Fox, a member of the band, to model a uniform jacket of the type the committee recommended.

SPENT \$882.38 ON LAW LIBRARY

Expenditures for the county law library during 1952 totaled \$882.38, according to the annual report submitted by the Law Library Committee, Attorneys Daniel E. Teeter, Richard A. Brown, Edward B. Bullett, Franklin R. Bigham and Eugene R. Hartman.

The report was filed Tuesday with the county prothonotary. It shows income of \$1,091.82 during the year. Balance on hand at the beginning of 1952 was \$286.78. The balance at the beginning of 1953 was \$496.22.

Receipts included an appropriation of \$950 from the county commissioners and \$130 from the members of the bar representing a percentage of their fees as masters and auditors plus \$11.82 from Judge W. C. Sheely as his contribution to the fund.

The only purchase made during the year, other than the upkeep of sets previously purchased, was "Penalties for Crimes in Pennsylvania." The committee recommends that "an effort be made to secure additional sets of "Pennsylvania Side Reports."

Miss Pauline Staub, secretary to the committee, submitted with the report a complete list of the large number of volumes secured to keep sets current during the year.

"HUMAN" SIDE OF LINCOLN TOLD AT CLUB DINNER

Anecdotes and stories of Abraham Lincoln revealing the "human" side of the martyred President, were recalled by the Rev. Dr. Harold A. Dunkelberger, associate professor of Bible at Gettysburg College, in a Lincoln's birthday talk at Tuesday night's dinner meeting of the Exchange Club at Bankert's Restaurant.

"We have all heard and studied the better known facts of the life of Lincoln," Dr. Dunkelberger said. "Tonight I am going to get 'off the main track' of his life, and go into the by-ways of his career, and talk a little bit on the 'hidden Lincoln,' and some of the things little known about him."

Dr. Dunkelberger told humorous stories of Lincoln's life as a lawyer in Illinois and later exploits in public life, recalling one story as to how he got the name "Honest Abe."

Cites Religious Faith

According to Dr. Dunkelberger, Lincoln was representing a client in an Illinois Court who was suing to collect a bill, when the defendant produced a receipt for the amount.

"Lincoln said to his client: 'Did you know he had paid this bill?'" (Continued on Page 4)

DR. C. W. KEGLEY WILL HEAD SCA RELIGION WEEK

Dr. Charles W. Kegley, professor of philosophy at Wagner College, will be guest leader for "Religion in Life" Week to be held by the Student Christian Association at Gettysburg College, starting February 16, according to an announcement today by President Walter C. Langsam.

Serving with Dr. Kegley as panel and discussion leaders will be Dr. Walden Holl, Johnstown; Rev. Wallace E. Fisher, Lancaster, former pastor of Christ Lutheran Church; Rev. Ernest Andrews, Hamburg; Rev. Robert J. Lamont, Narbeth; Rev. Raymond Shaheen, Williamsport; Mrs. Edith Anderson, State College; Miss Miriam Waltemyer, New York City, and Elwood Leister, Gettysburg Seminary.

Based on the theme, "Conflicts in Religious Thinking," the program will emphasize the importance of religion in the students' daily life both during their college careers and after they are graduated, Dr. Langsam pointed out.

Meetings And Panels

The sessions will start each day with Chaplain Edwirth Korte conducting chapel services for the faculty, students and guests to be followed by Dr. Kegley's lectures on various phases of the week's theme. Leader meetings and panels will be held in the fraternity houses, women's dormitories and the SCA building.

Chaplain Korte and the SCA committee in charge of arrangements have planned the program so that as much time as possible can be spent in discussions between the visiting leaders and the students.

Dr. Kegley has the distinction of being one of the youngest men ever listed in "Who's Who in America."

New Lincoln Works Refute Part Of Gettysburg Legend

NEW BRUNSWICK, N. J. (AP)—One of the legends about Abraham Lincoln is that he wrote his Gettysburg address on the back of an old envelope while on his way to the dedication of the battleground cemetery.

But according to documents collected here, this is not true. The Rutgers University Press, which today publishes the collected works of Lincoln, reports that Lincoln polished and republished the Gettysburg address, and rewrote entirely his original draft before it was delivered on Nov. 19, 1863.

Lincoln wrote the first page of the first draft in ink on executive mansion stationery, indicating that

The Senator Is A Good Listener

SCOUT DISTRICT READY TO PLAY HOST SATURDAY

Final plans for the Lincoln pilgrimage, details of a training course for leaders to be held at New Oxford, and other scouting activities were discussed Tuesday evening at the regular meeting of the Black Walnut Boy Scout District Committee held in the Biglerville High School.

Formation of the parade scheduled for Saturday morning, with approximately 6,000 scouts from the York-Adams, Keystone and Lebanon districts taking part, will take place on W. Lincoln Avenue at 9:30 o'clock. The parade over Carlisle and Baltimore Sts. will begin at 10:15 o'clock. A program featuring an address by U. S. Senator Edward Martin will be held at the National Cemetery at 11 o'clock.

The program at the cemetery will open with the playing of "America" by the Gettysburg College band, followed by the "call to colors" by a scout bugler, massing of American and troop flags before the rostrum, invocation by the Rev. Wallace E. Sawdy, assistant pastor of St. Francis Xavier Catholic Church here; a statement of the purpose of the gathering by Judge W. C. Sheely, master of ceremonies for the event; leading of the scouts in recitation of the oath and law by Scout Frank Ehlman, Biglerville; address by Senator Martin; playing of dirge by band and placing a wreath on the Lincoln Speech memorial by two scouts; taps; Lincoln's Gettysburg address by Paul Uibel, Ephrata, Lincoln impersonator; benediction by Dr. Ralph R. Gresh, pastor of St. James Lutheran Church here; and "God Bless America" by the band.

30-Minute Program

Dean W. E. Tilberg, program chairman, said the program will be 30 minutes in length and added that the whole proceedings will be open to the public.

District Chairman Eugene R. Hartman urged "an outstanding attendance" by Black Walnut district scout troops and scouters. (Continued on Page 2)

Start Red Cross First Aid Course

The first class in a nine-week course in standard first aid was held Tuesday evening in the engine house at New Oxford with John Charles Riddle, Gettysburg National Cemetery superintendent and Red Cross first aid instructor, in charge. Twenty-eight men are enrolled in the class.

Classes will be held each Tuesday evening from 7 to 10 o'clock at the same place with Red Cross certificates awaiting the men who complete the course successfully.

A first aid class is to be started in Gettysburg in April, Mrs. Maxwell D. Bucklew, Red Cross executive secretary, announced this morning.

SELECT JUDGES FOR DANCE HERE SATURDAY NIGHT

Judges for the Valentine dance to be held by the Beta Sigma Phi sorority Saturday evening at the Gettysburg High School gymnasium were announced Tuesday evening at a joint meeting of the organization at the sorority house on E. High St.

Judges for the selection of a "Valentine Queen" and the members of her court are Judge and Mrs. W. C. Sheely, Mr. and Mrs. Ross Sachs and William T. Timmins Jr.

The group voted to hold novelty dances, such as the "Bunny Hop" and "Virginia Reel" as well as spot dances during the evening. Reds McCarthy's orchestra will provide music for the dance and the special numbers.

Proceeds For Library

Selection of the "Queen" and "Court" will be made from among the young women wearing evening gowns during a grand march held about midnight in the dance. The dance will begin at 9 o'clock Saturday night.

Money raised through the annual event will go toward furnishing a children's room at the county library. Names of those who have become sponsors for the dance were reported at Tuesday's meeting.

Donations of \$5 each were voted for the Red Cross and the Heart Fund. Miss Grace Myers was in charge of a program entitled "Painting The Person" in which she outlined proper use of makeup. Mrs. Phyllis Hess, president of the sorority, presided at the joint session with about 25 present. The next meeting of the group will be held February 24.

The initial list of sponsors for the dance follows:

H. Earl Pitzer, Gladys Berkheimer, Penn. Dairies, Inc., J. H. Raymond, Gettysburg Autoparts Company, McCauldin Auto Sales, Service Supply Company, Mrs. J. C. Donley, Donald A. Ullrich, Carl Prosser, Nettie O. Deardorff, Judge W. C. Sheely, Luther Sachs, Mrs. Ellen Buehler, American Legion, Funkhouser, Loyal Order of Moose, B. and P. Club, Elizabeth Hennig, Carrie Miller, T. O. Buzzard, Jack and Jill Shoppe Mitchell's Restaurant, Dr. Bruce Wolff, Dr. Donald Coover, S. M. Raffensperger, Dr. W. C. Langsam, Faber's, Shetter's, Radford Lippy and Dave's Photo Shop.

IKE SELLS HIS DAIRY HERD HERE

President Eisenhower, for the time being at least, has given up dairying on his 180-acre Adams County farm adjoining the Gettysburg battlefield.

What he intends to do in place of dairying is apparently not known at the present time to even the President himself.

There is a possibility that beef cattle may replace the herd of 35 dairy cattle on the farm, but there are none there yet. Farm employees today were busy cleaning the big barn which formerly housed the dairy herd.

The dairy cattle, 18 Holsteins and 17 Guernseys, were sold to S. S. McNair, Mechanicsburg. McNair re-sold most of the Holsteins to Paul E. Dick, who owns a farm six miles north of Carlisle. The registered Guernseys were sold to the Louxmont Farms, Wrightsville.

The cattle were sold by Irving Feister, resident manager of the Eisenhower farm and one adjoining owned by George E. Allen. Sale papers show that they were owned in partnership by Eisenhower and Allen. The Holsteins were bred by Allen Redding, former owner of the farm.

Case Of The Unknown Owner Is Closed By County Officials

The case of the "unknown owner" of a tract of land in Menallen Twp. came to a close this week, the Adams County Commissioners reported today, after some months of heated correspondence with the man taxed for the property.

The controversy began last June when the commissioners received a letter from an upper county man stating that the tax collector was trying to collect taxes from him on land in Menallen Twp. that he did not own.

In his correspondence he referred to the tax collector as "Menallen's tax grabber" and said he was going to see an attorney to stop the "tax grabber" or his old woman" from writing dunning letters.

In response the commissioners informed the alleged owner that if he didn't own the land, he need not pay any taxes and the land would be sold to satisfy the lien on it for uncollected taxes. Several letters followed in which the reputed owner claimed those who said he owned the land were "liars" and he could "prove it."

The case finally came to an end Tuesday when the reputed owner dropped in to the commissioners office to report that he wanted to pay the taxes on the land because he now had an opportunity to sell it. He did not mention the letters he had previously sent denying ownership.

LOCAL COUPLE ARE MARRIED

Mrs. Shirley J. Ruffing, daughter of Mr. and Mrs. Mares Sherman, 123 E. Broadway extended, and Raymond W. Spahr, son of Mrs. Bertha S. Spahr, 168 York St., and the late Raymond W. Spahr, were united in marriage last Friday in the parsonage of the Elias Lutheran Church, Emmitsburg, by the Rev. Philip Bower who performed the single ring ceremony, it was announced today.

The couple was unattended.

The bride graduated from Gettysburg High School and served in the Waves during World War II. The bridesmaid, also a graduate of the local high school, served in the Air Corps during the last war. He is service manager at the Adams County Motors, York St.

The couple is now residing at 531 Carlisle St. Mrs. Marilyn I. Bergdale, sister of the bride, held a wedding dinner Sunday evening for the couple and the immediate families at the Bergdale residence in Brynsonia.

TRIES IN VAIN TO RESCUE WOMAN AS HOME BURNS THIS MORNING

Alvin C. Bupp, Gettysburg R. 8, bus driver and member of the Gettysburg Fire Department, tried in vain to save a 72-year-old woman from a burning dwelling near Shepherdstown this morning about 7:30 o'clock.

Bupp, driving the Gettysburg-Harrisburg bus carrying local residents to Harrisburg, saw a fire in a brick farm building at the Mechanicsburg-Bowmansdale Road intersection with the Gettysburg-Harrisburg Road at Shepherdstown.

Bupp stopped, and assisted by other passers-by including some from the bus and other Adams countians enroute to Harrisburg for work.

Within Three Feet of Victim

By throwing water from a bucket into the outbuilding, Bupp was able to come within three feet of the 72-year-old Miss Grace Berkheimer, who lived alone in the building, but flames drove him back on each of three attempts to grasp the body.

Bupp said he could see what appeared to be a kerosene stove in the blazing structure, and believed the fire may have started from it. The Mechanicsburg and the Upper and Lower Allen department responded to calls.

Those first on the scene threw water from buckets and finally a tub in an attempt to put out the blaze.

Died of Burns

The fire spread to the brick building, which was gutted before firemen could put out the blaze. The frame outbuilding was destroyed. The home was owned by George Berkheimer, an uncle of Miss Berkheimer, who has been a patient at a Mechanicsburg hospital for the last year. During his absence Miss Berkheimer had resided alone in the house. Recently she moved to the frame outbuilding part, preparatory to renting the brick structure. Tuesday she had appeared before the Cumberland County commissioners for entrance to the county home. The commissioners were to act on the request today.

The Cumberland County Coroner, Dr. Edward A. Haegle, said death was caused by multiple burns.

FORMER LOCAL GIRL LOSES LEG

More than \$800 has been collected for Gloria Rudisill, daughter of Mr. and Mrs. Richard S. Rudisill, York, former residents of S. Washington St., Gettysburg, to help defray hospital expenses incurred when her left leg was amputated at the hip last week in the York Hospital.

The 17-year-old York High School senior had been suffering since December with "tumors of the bone" and doctors decided to amputate her leg as a means of controlling the condition. Gloria's father, a York policeman, was born and grew up here. He moved to York when Gloria was about six years old.

Among the organizations who have contributed to Gloria's fund which will also help to purchase an artificial leg for her are the White Rose Lodge 15, Fraternal Order of Police; City Hall employees; Ladies' Auxiliary of the Police Lodge; members of her parish in the Christ Lutheran Church; family friends; and the city firemen. Her pastor, the Rev. Dr. Gerald G. Neely, is treasurer of the fund.

The young girl is in "excellent spirits despite the loss of her leg. She is in a satisfactory condition." Gloria has a brother, Richard, 16. An aunt and several uncles reside in Gettysburg. The family lives at 485 Park St., York.

TRACTOR CLUB TO BE FORMED

Organization of a 4-H Tractor Maintenance Club in Adams County will be effected Thursday evening, February 19, at 7:30 p.m. in the Court House here, Assistant County Agent Fred H. Attinger announced today. Earl Crouse, Gettysburg R. 1, will serve as local leader.

Fourteen counties have already organized similar clubs, Mr. Attinger said. The clubs organize for three-year periods, during which instruction will be given in the care and maintenance of various types of tractors. Farm tractor dealers throughout the county are joining in sponsorship of the organization.

All farm youths between the ages of 10 and 20 are eligible for the organization and those plan- (Please Turn to Page 2)

The Shoe Box will be closed all day Thursday, February 12, to prepare for Sale Days. Will be open Friday and Saturday evenings until 9 p.m.

SCOUT DISTRICT

(Continued from Page 1)

"We are the host district and should have as close to 100 per cent attendance as possible," he added. District committee members and other scout leaders who are not scheduled to be with their troops for the "cook-out" on the Battlefield were asked to attend a luncheon to be held for Senator Martin at the Hotel Gettysburg at 12:15 o'clock Saturday afternoon. Cost per plate will be \$2.

Walter Morse To Be Marshal
Following the cemetery exercise the scouts will cook their noon meal on the Battlefield at Pardee field, Hancock Ave. near Zeigler's Grove, the Wheatfield and Pitzer's woods on W. Confederate Ave. Black Walnut District troops will eat at the Wheatfield along with scouts from the White Rose, Hill Top and Southern districts. Conecago District scouts will eat at Pitzer's woods with scouts from the Indian Rock, and Susquehanna Districts. The other two sites will be given over to the Keystone and Lebanon area scouts.

Tours of the Battlefield and Cyclorama will be held under guidance of National Park officials during the afternoon.
Walter Morse, Flora Dale, Black Walnut District commissioner, will serve as parade marshal.

"Kick-Off" Tonight
The report on plans for the pilgrimage were given by Attorney Edward B. Bulleit, chairman for the event; Dean Tilberg, program chairman, and Scout Field Executive Charles S. Harris. Harris reported that he is conducting a special scout program over WGET each morning at 10:05 o'clock this week. Gettysburg's WGET, WHOB, Harrisburg, and possibly a York station will carry the program Saturday.

Dean Tilberg reported that 82 solicitors will attend the "kick-off" dinner to be held for the Black Walnut district financial drive this evening at the C. H. Musselman plant cafeteria at Biglerville.

Harris reported the selection of William Baker as a neighborhood commissioner for the Orrtanna-Fairfield section. Harris also reported on the "University of Scouting" training program for leaders of the Black Walnut and Conecago districts to be held at New Oxford High School for six weeks starting February 24.

Chairmen for the training course are Emerson "Cy" Mangle, Hanover, and Dr. Joseph H. Riley, Gettysburg. Dr. William Duck of the Gettysburg College faculty will present courses on "Boy Nature," the "Relationship of the Committee to the Troop" and "The Relationship of the Troop to the Sponsor Institution."

Hold Round Table
Walter Morse and John Kratzert, New Oxford, will have charge of training in Cubbing. Emerson Mangle will have charge of the basic course on scouting and Dr. Riley will conduct the course on camping. Courses will be offered in finance on February 24; camping, March 3; advancements, March 10; health, safety and activities, March 17 and first aid on March 24 and 31. Registration fee for the six weeks course is \$1 to cover costs of materials provided, Harris said.

Only 23 per cent of the youths of Boy Scouting age are members of scout troops in the Black Walnut district. Nine per cent of the boys of Cubbing age are in Cub packs and nine per cent of those in Explorer Scout age groups are in explorer posts, Harris said. In the Conecago district, he added, 50 per cent of the boys of scout age are in troops. Outlining the need for additional troops and leaders, Harris urged securing additional leaders for scout, cub and explorer units. "We find great interest on the part of the boys, now it is up to the men to provide the leadership."

Walter Morse conducted a round table of Boy Scouts and Cub scout leaders, while the district meeting was being held. The groups joined later to discuss plans for a "family picnic" of scouts and their families in June.

New York Alumni To Honor Langsam
President Walter C. Langsam, C. Paul Cesna, alumni secretary, and Maxwell Bucklew, public relations officer, will represent Gettysburg College at the annual dinner of the New York-Gettysburg Alumni Club Friday evening.

Officially designated "Langsam Night," the event will be attended by more than 300 members and their guests. It will be Dr. Langsam's "official introduction" to the group and he will be the principal speaker.

SELL HORSES FOR \$150
Approval of the sale of the last two farm horses at the county home was given by the Adams County Commissioners today. The two were sold to Robert Gillelan, Emmitsburg, for \$150. Three other offers were received, one for \$145 for the pair and two at \$140 for the two horses.

COUPLE LICENSED
A marriage license was issued by the county clerk of courts to William Arthur Griffith, son of Mr. and Mrs. Bryan J. Griffith, York Springs R. 2, and Viola Marie McGlaughlin, Biglerville.

Bolling Springs edged closer to the 1953 championship of the Adams County Scholastic League by routing Littlestown 70-39 Tuesday night on the Thunderbolts' floor. The victory assured the Bubbler's of at least a tie and they can sew up the honors Friday night when they are host to East Berlin, last year's champions.

Bob Lebo sank 25 points in leading Bolling Springs to its victory. The Bubbler's took a 17-7 lead in the first period and were never in danger. Scoring was evenly distributed for Littlestown with Dean Yealy getting eight.

Biglerville retained its outside chance of tying for top honors by defeating York Springs 64-46 on the latter's floor. It was Terry Hutton again as the big noise for Dick Allison's charges as he landed 24 tallies. Carson Speelman got an even dozen for York Springs. The Springers threw a scare into the Canniers in the first period by taking a 10-3 lead but Biglerville roared back for a 21-19 margin at half time and went on to win with ease.

Newville moved into undisputed possession of third place by blasting Fairfield 74-40 on the Fairfield floor. Coach Johnny McAndrews' Fairfield team played its best ball in the first period when it took a 12-9 lead but folded in the second quarter when Newville outscored the home clan 19-3. Dick Zeigler bombed 27 points through for the winners with Bettis and Shriner getting 13 and 11 respectively for the losers.

New Oxford pulled into a tie for fourth place with East Berlin by topping the Indians 53-50 at East Berlin. The Indians trailed 40-27 going into the final frame and put on a whirlwind finish that nearly pulled the game from the fire. Richstein set the pace for New Oxford with 21 points while Gruver and Fogle got 12 and 11 for the losers.

NATIONAL AAU MEET TO DRAW BIGGEST STARS

By SYD KRONISH

NEW YORK (AP)—All kinds of track champions—collegiate, Olympic and even foreign aces—will vie for honors when the National AAU indoor championships take place on Feb. 14.

Some of the stars will be defending their AAU titles. Others will be trying to dethrone the titleholders. Many will be gunning for records.

Harrison Dillard, who set an Olympic mark at Helsinki in the 100-meter hurdles, will attempt to win his seventh consecutive AAU crown in the 60-yard hurdles. Dillard's chief competitor will be Milt Campbell, the Plain field, N. J., high school boy who finished second to Bob Mathias in the Olympic decathlon.

Also trying for his seventh straight championship will be Rev. Bob Richards in the pole vault. The flying parson, an Olympic titleholder, will have Don Laz of Illinois as his main competition.

The 60-yard dash should produce some fireworks. John O'Connell is the defending champ. But such Olympic heroes as Andy Stanfield and Lindy Remigio will be racing down the line in an attempt to take the crown.

Moore Has Retired

In the 600-yard run, the 1952 champion, Charley Moore, has retired. Moore hung up his spikes after winning the 400-meter hurdles in the Olympics. "This leaves the title up for grabs. Favorites in this

event will be George Rhoden of Jamaica, winner of the Olympic 400-meter run, and Mal Whitfield, who copped the 800-meter run in Helsinki.

Don Gehrman will defend his 1,000-yard championship. But recent lackluster performances indicate that the Wauwatosa, Wis., flash may be at the end of the trail.

The mile event may be a catch-as-catch-can affair with Fred Wilt, Warren Dreutzler, Fred Dwyer, maybe Gehrman, and the foreign group—Rolf Lammers of Germany and Invar Ericsson of Sweden. The present holder of the crown, Bill Mack of East Lansing, Mich., will not defend it.

Three Mile Highlight

The highlight of the AAU games could be the three-mile run. Featured in this contest will be the defending titleholder Horace Ashenfelter, winner of the 3,000-meter steeplechase in the Olympics, and Charley Capazzoli, the Georgetown ace who has beaten Ashenfelter at the distance this season. Curt Stone of the New York A. C. should give a good account of himself, too.

Henry Laskau, who has no peer in this country when it comes to the mile walk, will literally walk away with the honors again.

The high jump will pit J. L. (Papa) Hall of Florida, the defending AAU champ, against Lt. Ken Wiesner of the Navy. The Olympic titleholder, Walt Davis, has been sidelined with an ankle fracture.

Some interesting action is expected in the shot put. Jim Fuchs, who holds the title, has seen little action this indoor season but is expected to defend his laurels. Parry O'Brien, the West Coast giant who set a record of 57 feet 1.43 inches in the Olympics, is favored to capture the crown.

Wright Ineligible

Lorenzo Wright is ineligible to

defend the broad jump title because he is teaching and coaching at Miller High School in Detroit. He is the only jumper besides Jesse Owens to have bettered 25 feet in the indoor nationals.

Gil Borgeson is favored to hold his 35-pound weight throw crown. As for the foreign contingent—Germany has sent Rolf Lammers for the mile, Heinz Ulzheimer for the 600 and Herbert Schaade for the three-mile. Of the trio, Schaade and Ulzheimer have the best chance of winning Turkey will be represented by Osman Cosgul in the three-mile event. Sweden's entry is Ingvar Ericsson in the mile.

John (Hurry) Cain, assistant football coach at Mississippi, was a star player at Alabama in 1930-31-32. During that period the Crimson Tide won 27 of 30 games.

Colts Have Team To Go With Band

BALTIMORE (AP)—The Baltimore Colts no longer are a band without a team.

When the city gave up its franchise in the National Football League in 1950 the band played on. It remained intact with the same name and played at other functions.

Now that the city is getting back into the league, Director Bob Cissin of the band is calling for more candidates. He has 80 players and wants 100.

"I need trumpet and clarinet players mainly," he says.

TWENTY-FIVE YEARS AGO

D. A. R. to Plant Tree. On Campus: Following a suggestion of Dr. Frank Kramer, of the Campus Beautiful Club at Gettysburg College, the Gettysburg Chapter Daughters of the American Revolution, at its February meeting at the home of Mrs. H. M. Hartman, Springs avenue, voted to plant forty trees on the campus at the local school.

Rotary Club Is Formed Tuesday
at Littlestown: A Rotary club for Littlestown launched Tuesday at an enthusiastic meeting in the Catholic hall, Tuesday evening. The new club is being sponsored by the Gettysburg Rotarians in connection with an expansion program of Rotary International.

Speakers at the meeting included John Rudisill, York; Arthur R. Jones, Edmund W. Thomas, S. G. Spangler and the Rev. Earl J. Bowman, all of Gettysburg.

The Littlestown club, which will be formally organized and instituted in the future, has a roster of thirty-three members. Members listed for the Littlestown Club are:

Luke Jacobs, S. M. Keagy, E. N. Wehler, R. H. Wilson, B. F. Redding, Dr. H. S. Crouse, Frank Mathias, Stanley B. Stover, D. D. Basch, Ernest Stover, the Rev. D. S. Kammerer, L. D. Snyder, J. M. Feener, Charles M. Weikert.

A. W. Schott, H. J. S. Zeigler, Warren R. Jones, C. L. Mehrling, L. D. Crouse, William Steeninger, Wilson Blinn, John Redding, A. M. Reck, Doctor Wender, Robert Mathias, Dr. J. R. Riden, J. W. Brendie, Roger Keefer, J. H. Mayers, W. D. Lau, John W. Little, H. A. Stoneriser and C. F. Hipp.

Y. W. C. A. Board Elects Officers:
The campaign conducted by the Y. W. C. A. to raise its budget of \$2,500 fell short of \$530, it was reported at the re-organization meeting of the members of the executive committee, which met Tuesday afternoon at the association building.

The board reorganized by re-electing Mrs. H. Hadwin Fischer as president; Miss Edna Albert, vice president; Mrs. Arthur Griest, secretary and Miss Emilie Scharf, treasurer.

Miss Ethel Houck Weds Frank Weigle: Miss Ethel M. Houck, foster daughter of W. S. Houck, Heidlersburg, and Frank Weigle, son of Mrs. E. S. Weigle, also of Heidlersburg, were united in marriage at Hagerstown, February, by the Rev. J. B. Simon, pastor of the Trinity Lutheran Church.

Fairfield Man Weds Tuesday: Joseph A. Cool, son of Mr. and Mrs. John Cool, of Fairfield, and Miss Anna Marie Sanders, daughter of Mr. and Mrs. George Sanders, of Hanover, were married Tuesday morning at 8 o'clock in St. Vincent's Catholic Church, Hanover, by the Rev. William Huyger.

Miss Cora Gross was a bridesmaid and Raymond Sanders was best man.

Mr. Cool is an employee of the John E. Graybill Electric company, York.

Parent-Teachers Meet Postponed: The meeting of the Gettysburg Parent-Teachers' association, which was to have been held Friday evening at the high school building, has been postponed until next Thursday evening when Dr. C. H. Gordinier, president of Millersville State Normal school, will be the speaker.

Business Girls Elect: At the monthly club supper of the Business and Professional Girls' club of the Young Women's Christian Association, held Thursday evening at the association building, officers for the coming year were elected. Mrs. Alice Foster was named president; Miss Grace Hummer, vice president; Miss Esther Hartman, secretary, and Miss Helen Reaser, treasurer.

Sells Cumberland Farm: Paul I. Spangler, of York, has sold his 87-acre farm in Cumberland township, together with all stock, machinery and crops, to Lester D. Spangler, Cumberland township. Possession will be given February 15. The transfer was made by C. A. Williams.

Sells Fruit Farm: T. M. Day has moving pinfeathers from poultry.

Today's Talk

IGNORANT OF WEAKNESS

I was interested in Edward R. Murrow's analysis of the attitude of the English people during the dark days when their small island was being bombed almost to destruction. He stated in his published book "This I Believe" that, "in part, it was ignorance of their own weakness" that held them firm.

Perhaps it is because so many of us do not recognize our own weaknesses that we go on and on in a divine belief that assures us final triumph in whatever we engage. Certain it is that a secret, hidden power often absolves us of all ignorance of our weaknesses when many an emergency in life arrives. Thus is heroism demonstrated!

I meditated upon my first trip across the Great Salt Lake, in Utah, upon a railroad bridge. It was constructed by E. H. Harriman, who was told by his engineers that it could not be done, on account of the quicksand that made supports impossible. But Harriman answered: "Go ahead and build it anyway!" So it was done. Great men are usually ignorant as to their weaknesses. That's why they do so many "impossible" things.

There are some people who spend so much time thinking about their weaknesses, and meditating upon them, that they become utter failures. Other people are quite given to the discovering of weaknesses in us, but if we can only remain ignorant of them we are apt gradually to overcome them, or pass them unknowingly into oblivion!

In an emergency people have risen to do things they never dreamed as possible, largely because they were ignorant of their weaknesses. When we go to a doctor he listens to us and makes notes on what we tell him, but he tells us little. He keeps us in ignorance so as to build confidence in us, without worry.

People have lived to ripe old age without knowing anything about a faulty organ that might have taken them away years before had they only known. More times than we realize ignorance has proved to be a blessing!

Tomorrow Mr. Adams will talk on the subject: "Words."

LIFE'S RICHEST ASSET
Of all the various forms of wealth
The richest asset known is health.

Who has it to the world can say:
"I am equipped for come what may."

Yet, differing from bonds and stocks,
Health can't be kept in vault or box.

But, like them (as so many do)
Health can be rashly squandered, too.

And, paying folly's bitter cost,
Is little valued till it's lost.

A tip: health pays no dividends
After the strength to earn them ends.

Mr. Tipton to Give Memories of Lincoln: Appropriate to the occasion, William H. Tipton, battlefield photographer, who heard President Lincoln give his immortal Gettysburg address at the dedication of the national cemetery here, will tell his impressions of that memorable occasion at the weekly luncheon meeting of the Gettysburg Rotary Club Monday evening.

Automobile Show Expects Crowd: Attendance at the fourth annual automobile show dropped off slightly Friday night at the Buick garage, York Street, but a record crowd is expected tonight, the final night of the show. With a crowd of people in town for the Dollar Day bargains today, many also attended the auto show.

The first car reported sold at the show this year was an Essex sedan sold by E. I. Weikert, local Hudson Essex dealer, to Calvin Lady, Springs avenue.

G.O.P. Women Meet: A large crowd of Republican women gathered at the Y.W.C.A. building Saturday afternoon for the special meeting of the Republican Women's Club of Adams county, held annually in February to commemorate the birthday anniversaries of Lincoln and Washington.

Mrs. Maude Wierman Kennedy, president, presided and introduced the guest of honor and speaker of the afternoon, Mrs. Walter King Sharpe, of Chambersburg.

ROTARY HEARS PMTA LOBBYIST

Thomas F. Robertson, Harrisburg, director of community relations and lobbyist for the Pennsylvania Motor Truckers' Association, was the guest speaker for the weekly meeting of the Littlestown Rotary Club on Tuesday evening at Schott's Hotel. Mr. Robertson spoke on the subject "The Trucking Business and its Relationship to the Community."

The speaker was secured by Paul R. Snyder, chairman of the program committee, in charge for the evening, through Harold S. Roberts, Littlestown, representative of the association, who was a guest. The speaker was introduced by Mr. Snyder. Other entertainment consisted of three vocal duet selections: "Your Eyes Have Told Me So," "Will You Remember?" and "The Rosary," by Miss Betty Reindollar and Stewart N. Long, with Miss Shirley Hawk as piano accompanist. Assisting Mr. Snyder in arranging the program were Charles E. Ritter, Mervin Harner, A. W. Schott, A. G. Ealy and Clyde W. Crouse.

Gettysburgians Attend
The club president, Theron W. Spangler, announced that an inter-city meeting and Ladies' Night will be held on Tuesday, March 10, at Basehoar's Restaurant, N. Queen St. Included on the program, which is in celebration of the 25th birthday of the club, will be an outstanding speaker and vocal selections by Miss Marie Budde, of town.

Ten visiting Rotarians and five other guests were present at the meeting. Luther D. Snyder introduced the following visiting Rotarians: Edward Murphy and Irvin J. Houck, Hanover; John Hostetter and Granville Schultz, Gettysburg; John B. Peters, Carlisle; Guy Fowler, Paul E. Lawyer, Landon Burns, Severn S. MacLaughlin and J. Cullum Barnaby of Westminster.

At the next regular meeting of the club Tuesday evening, 6:15 p.m., the International Service Committee composed of Ernest W. Dunbar, chairman, Cloy I. Crouse, Paul E. King, Frank J. Krocak, Dr. Donald B. Coover and Charles E. Rabenstein will be in charge.

The Littlestown Cub Scouts and their families will enjoy the annual Cub birthday dinner on Thursday evening at 7:30 o'clock in the social hall of Redeemer's Reformed Church. The parents are requested to provide their own table service and items of food. Bread, butter, dessert and a beverage will be provided by the committee. In observance of National Boy Scout Week, the Cub Scouts have arranged a display in the show window at Banker's Restaurant, S. Queen St.

Vet To Show Slides
Allen Harner, a local veteran of World War II and the Korean War, will show slides at the February meeting of the Alta Hummer Missionary Society on Thursday at 7:30 p.m. at the church. Miss Wilbur Hollenhead will be the leader for the lesson discussion. An imaginary food sale will be conducted during the social hour. Miss Evelyn Asper and Mrs. Harry W. Badders will serve as hostesses.

The Ladies' Auxiliary to the Kingsdale Volunteer Fire Company voted \$3 to the Heart Fund at the February meeting of the Auxiliary on Monday evening in the engine house. The meeting, which was in charge of the president, Mrs. Walter R. Crouse, opened with the group singing of "America" and the Lord's Prayer was repeated in unison. Lincoln's Gettysburg Address was read responsively. Reports were given by Mrs. Jesse Ingram, acting secretary and Mrs. Paul E. King, treasurer. The resignation of membership was accepted from Evelyn Peterson. It was decided to serve refreshments at the annual summer carnival cafeteria style. Plans were also discussed for serving carnival suppers.

During the social hour, games were played and refreshments were served by the February hostesses. Mrs. Luther Slifer, Mrs. Walter C. Sheely, Mrs. Amos L. Spangler and Mrs. Edgar A. Wolfe. The next regular meeting will be held Monday, March 9, at the engine house and the hostesses will be Mrs. Norman Utz, Mrs. Oscar Wolfe, Mrs. Ernest Baumgardner and Mrs. Henry Barnes.

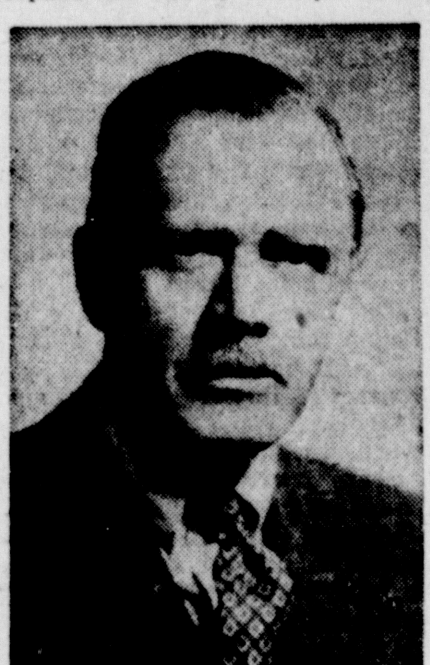

Party For Girl Scouts
The members of Brownie Girl Scout Troop No. 16 enjoyed a Valentine party in connection with the regular meeting on Tuesday afternoon in the engine house. The girls received favors and refreshments were served. Guests in attendance included Mrs. Hilda Arter, Mrs. Root, Jackie Hoffman and Sally Porry. On Tuesday each Brownie brought along one piece of good used clothing for foreign relief. It was announced that the girls recently sold 30 dozen Girl Scout cookies. Mrs. John C. Porry is the troop leader and Mrs. Keith Heltbride, the assistant.

Mrs. Chester S. Byers, E. Myrtle St., was hostess to the members of the Junior Fellowship of Centenary Methodist Church for a Valentine party held on Monday evening with 22 members in attendance. The opening devotions were in charge of Mrs. Albert H. Miller Jr. A discussion on Valentine's Day was led by James Barnes. The group then discussed the life of Lincoln. A story about Lincoln was read by Mrs. Miller. The Monday program was in charge of Pansy Knight and Lois Shull and included a reading by Lois Shull; vocal duet, "Who Will Be My Valentine," Albert and Shelley Miller; two trio selections, "America" and "Yankee Doodle,"

GEN. STACKPOLE AREA CHAIRMAN IN CANCER DRIVE

Brig. Gen. A. H. Stackpole, Harrisburg, has been named chairman of the South East Central Area of Pennsylvania for the 1953 Cancer Crusade to be conducted during April. It was announced to the Littlestown Rotary Club on Tuesday evening at Schott's Hotel.

The appointment was made by General Carl Spaatz, state chairman for the combined educational and fund-raising drive which has a goal this year of \$1,000,000. The funds will be used to continue and expand the Cancer Society's three-

pronged attack on cancer through research, education and service.

General Stackpole announced a goal of \$85,000 for the South East Central Area which includes the counties of Adams, Cumberland, Dauphin, Juniata, Lebanon, Perry, Snyder and York.

Holds War Medals

"I feel greatly privileged to be able to join thousands of my fellow citizens in this battle against cancer," General Stackpole said in accepting the appointment. "With cancer striking today into one out of every two homes we must work together in the volunteer program of the American Cancer Society to bring about the control of this dreaded disease."

General Stackpole, who is executive editor of the Patriot-News newspapers, has been active in the newspaper, military, and government fields for many years. He served both in World Wars I and II and was awarded the Distinguished Service Cross, Legion of Merit and the bronze star.

Prior to his association with the Patriot-News he was editor and publisher of the former Harrisburg Telegraph. General Stackpole has long had an interest in aviation and was chairman of the State Aeronautics Commission under former governor, Gifford Pinchot.

Barbe, Albert and Shelley Miller. Mrs. Miller then announced that perfect attendance awards will be given to all those members who have attended each meeting since September, at the next meeting on Monday evening, 6:30 o'clock, in the Sunday School room of the church. It was also announced that "Scouting" will be the theme for next week's meeting and will be in charge of Girl Scout Pansy Knight and Boy Scout James Barnes. The program will also be in keeping with Washington's birthday.

Prizes Are Awarded
The Valentine party was featured during the social hour with decorations for the affair in keeping with the occasion. Group games were played and prizes awarded in charge of Mrs. Byers. Refreshments were served and Valentine favors were given to the winners of the "homemade" Valentine contest as follows: First, Shirley Myers and Joan Barton; second, Ruth Myers and Barbe Miller; honorable mention, Judy Rimel and Richard Myers.

Mrs. Rebecca Weaver, Mrs. Mildred Weaver and Mrs. Ruth Dooley comprise the entertainment and refreshment committee for the semi-monthly meeting of the Ladies' Auxiliary to the Mason and Dixon Memorial Post No. 6954, Veterans of Foreign Wars on Thursday evening at 7:30 o'clock in the VFW home, W. King St.

The first February meeting of the Ocker-Snyder Post No. 321, American Legion, will be held on Thursday at 8 o'clock at the post home, E. King St.

Call Prisoner In Forged Check Case

CHICAGO (AP)—A prisoner at the Lewisburg, Pa., penitentiary is in Chicago today to testify before a federal grand jury in a case involving the transporting of more than \$5,000 in forged checks from Gary, Ind., to Chicago.

Richard Kahn, assistant U. S. attorney, said the prisoner, Charles F. Beam, brought the forged checks to Chicago in February, 1950, with Eugene L. Jones, Chicago, and James G. Alexander, Shelton, Neb.

Kahn said indictments are sought against Jones and Alexander, both of whom are free on bonds of \$1,000 each.

The government prosecutor said the forged checks were passed in taverns and stores in Chicago. Beam is serving a three-year sentence for transporting forged checks to Philadelphia, Kahn said. Beam was sentenced about a year ago.

Will Bury Ex-Senator Reed In Arlington

WASHINGTON (AP)—Former U. S. Sen. David Aiken Reed will be buried Friday in nearby Arlington Cemetery.

The 72-year-old Pittsburgh attorney and Republican leader who died yesterday of a heart attack in Sarasota, Fla., was a member of the Senate from 1922 until 1934.

A memorial service has been tentatively scheduled for Sunday in Calvary Episcopal Church, Pittsburgh, where he was born, the son of a county judge.

"HUMAN" SIDE

(Continued from Page 1)

The client is said to have replied: "Yes, but I thought he had lost the receipt by this time."

Dr. Dunkelberger quoted Lincoln as telling the story, and saying that he walked out of the courtroom after learning of the dishonesty of his client.

The speaker cited numerous instances showing that Lincoln was a man of simple religious faith and one who found great strength in prayer. Lincoln was also a temperate man, he said, although he did not agree with those who wanted to drive all alcoholic beverages out of the country.

"Lincoln anecdotes show the human side of the man," Dr. Dunkelberger said. "He was famed as a story teller, and always said he got a great many of his stories while he was on the legal circuit in Illinois. Lawyers, judges, witnesses and others often stayed up late at night in the hotels, swapping stories."

Shunned Formal Dress

"But Lincoln was never a story teller, just to tell a story. He said later, when discussing it, that he used stories to convey what he wanted to say and to illustrate points he wanted to make."

Dr. Dunkelberger said Lincoln was a big man, six feet, four inches tall. He said David R. Locke, Washington shoemaker, was once commissioned to make a pair of boots for the President, and took measurements of Lincoln's feet. He said one foot was 12 1/2, and the other 12 inches in length.

"Lincoln also had very large hands," the speaker also said. "He disliked formal dress, but was often compelled to wear formal clothes as President. It was difficult to find white gloves large enough, and at a reception a few days after his first inaugural, he burst the gloves he was wearing while shaking hands."

E. Donald Scott, president of the Exchange Club, presided at a brief business meeting, and Dr. Dunkelberger was introduced by John J. Slentz, club secretary.

A letter was read from the Hoffman Orphanage thanking the club for arranging for children from the orphanage to see the club's recent show, "Shooting Stars." An invitation was also received from the Waynesboro Club to attend its Ladies' Night dinner at the Anthony Wayne Hotel, Waynesboro, March 3. Berg Anstine, past national president, will be the speaker.

EXECUTIVE BD. MEETS TUESDAY AT HIGH SCHOOL

The executive board of Littlestown Joint School System held its February session on Tuesday evening in the office of the supervising principal, Paul E. King, in the high school building. The monthly report of the school nurse, Mrs. Brenda B. Walker, was presented to the board members by Mr. King, revealing that considering the school population the number of cases of grippa during the past month has been relatively low. The general health of the students at the present time is good. There were several cases of chicken pox in the primary grades but most of them have returned to school. The report also revealed 39 home calls made by Mrs. Walker; 169 first aid treatments at school. All the pupils in grades one to six have been weighed and had skin and scalp inspections. Dental examinations were completed by Dr. Richard M. Phreaner in all the odd numbered grades of the Jointure, including the pupils of Center School, who were brought to the high school for their examinations.

Mr. King also gave his report listing three and a half days absence for teachers due to illness. The boys of the advance science class and the girls of the F.H.A. attended the Pennsylvania Farm Show in Harrisburg, accompanied by Mr. King and Mrs. Virginia Sheely. Miss Shirley Rebert, Adams County champion pie baker, will participate in the state contest at Delone Catholic High School, McSherrystown, in the near future. Frank E. Basehoar and Lloyd L. Stavelly, administrative assistants at the high school, attended a schoolmen's meeting at Gettysburg College to assist with final plans for the annual career conference at the college on March 13. A total of 9152 meals were served in the cafeteria during the past 20 days it was in operation.

Treasurer Elmer E. Furlow presented his report as follows: Receipts for January, \$14,434.99; Expenditures included \$70 for general control; \$10,174.34 for instruction; \$771.57 for auxiliary agencies; \$338.71 for coordinate activities; \$712.01 for operation of plants; \$307.69 for maintenance of plants and \$137.60 for fixed charges. Present at the meeting were Glenn Bowers, Maurice Smith, Ray Reichart, George Worley, Lloyd E. Crouse, Charles Schildt, Mr. Furlow, Wilbur E. Mackley, Secretary Henry E. Wiltman and Principal Paul E. King. The next regular meeting of the board will be held Tuesday, March 10.

The union vesper service this Sunday evening at 7:30 o'clock will be held in St. John's Lutheran Church and the sermon will be presented by the Rev. William C. Karns, pastor of the hostess church. He will be assisted in conducting the service by the Rev. David S. Kammerer, pastor of St. Paul's Lutheran Church. It was previously planned for the Rev. Harvey B. Simons, pastor of Centenary Methodist Church, to deliver the sermon, but he will not be able due to illness.

Twenty-five members of the Men's Brotherhood of St. John's Lutheran Church were in attendance at the February meeting held on Monday evening at the church when the pastor, the Rev. William C. Karns, gave an illustrated talk on the history of the writing of the Bible, from the beginning through the centuries to the present time, and also the different translations. A group discussion on the new revised standard version of the Bible followed. The business session was in charge of the vice president, Albert Starnier, who led the devotions. Reports were given by the secretary, Richard Wolfe, and the treasurer, Kenneth Bortner. Richard Wolfe

was piano accompanist for a song service. Two new members were received into the Brotherhood, Edwin L. Hargett and Amos L. Spangler. Refreshments were served by the February committee comprising Henry Barnes, Ernest Baumgardner and Edgar E. Yealy. Edgar A. Wolfe and Richard Wolfe compose the program committee for the next meeting, Monday, March 9, at the church, when refreshments will be omitted, as is customary during the Lenten season.

Warrior Quintet Takes Lead In South Penn Circuit With 59-38 Victory Over Tornado

Gettysburg High School's cagers took over first place in the second half race of the South Penn Basketball League by routing Waynesboro here Tuesday evening 59-38.

The Hershey-Mechanicsburg game, originally listed for Tuesday, will be played tonight at Mechanicsburg. Hershey, with a 2-0 record, comes here Friday night to meet the Warriors in the "big" game of the second half struggle.

The game here was much closer than the score indicates, the Forney-men breaking the contest wide open with a 19-point scoring spurge in the final period.

Skip Fisel took the scoring honors for the Warriors with 21 points with Gus Dayhoff and George Penn turning in excellent all-around performances. Dayhoff was particularly effective in capturing the ball off the boards. Jay Schmitt gave a brilliant defensive exhibition by blanking Tom Cross, Waynesboro's giant center, from the field. Cross landed one foul. Don Shade, Tornado forward, was top man for the evening with 22 points.

There was little scoring in the opening period. Dayhoff opened by caging the second of two free tosses before Shade countered with a goal. Bob Hixon looped the first Gettysburg goal after three minutes. Caron dropped a long heave and Fisel netted a one-hander. A foul by Shade tied it at 5-5 and then the Warriors spurred ahead on goals by Dayhoff, Penn and Fisel to lead 11-9 at the quarter.

Break Deadlock
Fisel landed a twin-pointer to open the second quarter but a pair of goals by Shade knotted the count at 13-13 after two minutes. A foul by Fisel, long shot by Schmitt, a one-hander and free throw sent Gettysburg out in front where they remained for the rest of the game. At half time the score was 23-17.

A pair of goals and foul by Shade to open the third quarter kept the score at close quarters for the remainder of the stanza. Scoring saw-sawed with Fisel getting nine tallies. Dayhoff four and Carter and Schmitt two each. Shade, Sanders and Caron kept Waynesboro with striking distance and going into the final round Gettysburg's lead was pared to 40-34.

15 Straight Points

After Fisel and Shade exchanged goals the Warriors went to work and rolled up 15 straight points before Shade netted a pair of free tosses for the visitors. Penn contributed eight points during the spree which put the clincher on the game. Fisel went out midway in the period when he was shaken up following a hard fall beneath the basket. The Warrior Jayvees played out the final minute.

The victory marked the 12 in 16 starts this season for Coach Forney's lads and put their second half record at 3-0.

The Warrior Jayvees encountered little trouble in chalking up their ninth win in the preliminary 46-27, finishing strong after leading 25-18 at half time.

Powerful Diplomat Team Here Tonight; Frosh Game At 7

There will be no letup in the pressure applied to the Gettysburg College basketball squad tonight when the Bullets meet the tall, experienced Franklin and Marshall quintet on the local floor.

The Diplomats have one of the top-ranking teams in the state which compares very favorably with Lebanon Valley and Muhlenberg—all of which means the Bream-men are given only an outside chance. In Carson Lovett, 6-6, and Walt Lenz, 6-4, F. and M. has a pair of brilliant off-board performers who promise to make it very tough for the smaller Bullet players.

Johnny Yovicin's undefeated Bullet freshmen, with a three-game winning streak, meet the Diplomat yearlings in the preliminary game at 7 o'clock.

MOUNTS HOST TO AMERICAN, BALTIMORE U.

Coach Bill Clarke's fine young Mountaineer cage team faces two top hurdles in its race for the Mason-Dixon conference crown in American U. on Thursday night and Baltimore U. on Saturday. Both games will be played in the Mountaineer gymnasium with Mt. St. Joseph's and the Baltimore J. V. teams facing the Mountaineer freshmen in the preliminary games.

Sparked by center Sal Angelo's 31-point spree the Mountaineers raced to victory over Washington College on Saturday night to improve their overall record to 11-5 and up their conference standing to the third place spot with an 8-2 record.

Thoroughly shellacked 77-62 by Dutch Shulze's Eagles in the first encounter in Washington, the Clarkmen hope to turn the tables on their home court. Ted Kachnowski, who left the American U. game with the score tied because of his torn thigh, is ready again. In addition, Angelo, whose log now stands at 299 points, for an 18.5 average, hopes to continue his blistering scoring pace that threatens his own gym record of 34 points in every outing. Angelo has also racked up 235 rebounds for 20.8 per game.

Swaine To Start

Frank Swaine, injured in the Gallaudet game but now in a starter's role, is also expected to help the Mountie cause against the Eagle zone. Frank has only 97 points for the season, but his shooting average is 48 per cent from the floor and 64 per cent from the foul line. In addition, Swaine is an excellent rebounder.

Both the Eagles and Al Barthelme's Bees are just below the Mountaineers in the conference standings and both will aim at climbing. Both teams play a zone defense although the Bees have shown a tendency to use man-to-man in recent games. The Eagles offer Selby, Daly, Jones and Sigheoltz as top operatives with almost all of them working in double figures. The Bees, with a 6-4 average height, will loom over the smaller Mountaineers. The big question is whether Barthelme's crew can run with Bais, Stanley, Kachnowski and the rest of the Blue and White. Baltimore, 7-3 in the conference, feature Anderson, Malin, and Maquire who came off the bench the other night to toss in 25 points and win a starter's berth.

DELONE LACES MT. CARMEL FOR 4TH STRAIGHT

The fast-stepping Delone Catholic High School basketball team drubbed Mt. Carmel Catholic 71-53 Tuesday evening at McSherrystown for its fourth successive victory and second straight second half triumph in the Central Pennsylvania Catholic League.

Coach Johnny McMahon's outfit took an early lead and was out in front all the way.

Phil and Jerry Smith each pumped 20 points through the hoops for Delone while Bill O'Brien also landed as many tallies for Mt. Carmel.

The win gives the Squires an 8-6 season mark. They play their most important game of the season Friday evening when Harrisburg Catholic, first half champs, invade McSherrystown.

The Delone reserves defeated the Paradise Protectors 45-34 in the preliminary game Tuesday for their fifth triumph in 14 starts.

Sports In Brief

GENERAL

DAVOS, Switzerland—Hayes Alan Jenkins of Akron, O., won the world's figure skating title, outskating teammate Jimmy Grogan of Colorado Springs, Colo.

NEW YORK—Ch. Rancho Dobé's Storm, a doberman pinscher, won best-in-show for the second successive year at the Westminster Kennel club's show.

PHILADELPHIA—The government's anti-trust suit against the National Football League was recessed until Feb. 24 after Federal Judge Allan K. Grim denied a defense plea to dismiss the case.

COLORADO SPRINGS, Colo.—Idaho State clinched the Rocky Mountain Conference basketball championship, becoming the first team to earn an NCAA tournament berth, by defeating Colorado College, 82-65.

Big Battle Begins; It's Kiner Vs. Rickey

LOS ANGELES (AP)—The real salary battle of the spring season is just about to begin. It pits Ralph Kiner, the home run slugger of the Pittsburgh Pirates, against baseball's David Harum, the erudite Branch Rickey.

The Pittsburgh executive has asked Kiner to take a 25 per cent cut that baseball law allows—from his \$90,000 salary of last season. Rickey sent his son, Branch Jr., out here in advance to break the news to Kiner and see what could be done.

Apparently Kiner made it plain he was willing to take a modest cut—say 10 per cent—but he was emphatic in saying he wasn't ready for a 25 per cent slash that would reduce his salary to \$67,500.

Pottstown Defeats Phoenixville 121-55

PHILADELPHIA (AP)—Dave Ricketts and Mike Krickzy led Pottstown's High School basketball forces to a record-breaking 121-55 victory over Phoenixville last night.

Ricketts scored 31 points while Krickzy chipped in with 29 to aid the winners in breaking their own mark of 98 points. The new high also set a new league record for the Southeastern Pennsylvania Championship League.

Pottstown now has won 16 and lost two.

20,000 TO SEE GAVILAN MEET CHUCK DAVEY

CHICAGO (AP)—Champion Kid Gavilan, bordering a 3 to 1 favorite, defends his world welterweight title against television's Cinderella Kid, unbeaten Chuck Davey, before 20,000 at the Chicago Stadium tonight.

It will be Gavilan's fifth defense of the 147-pound crown he won from Johnny Bratton May 18, 1951. The 15-round bout will be televised nationally (but not broadcast) at 10 p.m., EST.

Unlike In Many Ways

Seldom has a championship match brought together two foes ment, background, and — the experts say—in ability.

Gavilan, 27-year-old Cuban with meager education, is a veteran of 105 fights, knocked down only once, and unbeaten in 26 straight fights since a 10-round loss to Gene Harrison Oct. 30, 1950.

Davey, 26-year-old Irish lad from Detroit, who holds a master's degree from Michigan State College, has bobbed behind a stinging, tantalizing southpaw attack to 37 victories and two draws in a pro career which began less than four years ago, late in 1949.

The bout may pay Gavilan as much as \$130,000 from his 40 per cent slice of the net gate and TV and Davey some \$65,000 from his 20 per cent take.

The TV sponsor guaranteed the matchmaking International Boxing Club a \$200,000 net gate. Reportedly, there is a chance a \$250,000 net will be realized from a 20,000 attendance.

In that case, the TV sponsor will

Sedgman Holding Lead Over Kramer

BOSTON (AP)—Australian ace Frank Sedgman today holds a 14-12 lead over playing promoter Jack Kramer in their cross-country professional tennis tour after scoring a straight sets 6-1, 6-4 verdict at Boston Garden last night.

Pancho Segura of Ecuador disposed of Australia's Ken McGregor 6-4, 6-3 to run his advantage in their duel to 21-8.

The Kreamer-Sigura doubles tandem took a 14-13 series edge over the Sedgman-McGregor team with an 8-6, 6-3 triumph.

LAST NIGHT'S FIGHTS

PHILADELPHIA—Johnny Saxton, 147, New York, outpointed Freddie Dawson, 146½, Chicago, 10.

MIAMI BEACH, Fla.—Gil Turner, 149½, Philadelphia, outpointed Charlie "Red" Williams, 151½, Newark, N. J. 10.

SAN ANTONIO, Tex.—Willie Pep, 129, Hartford, Conn., outpointed Jose "Pepe" Alvarez, 131, Mexico City, 10.

NEWARK, N. J.—Peter Adams, 150, Newark, outpointed Jay Anderson, 148, Philadelphia, 8.

kick in \$80,000 for Gavilan and Davey to nibble at on their 40-20 basis.

See 3 To 1 Odds

On the eve of the fight, Gavilan was a 13 to 5 favorite, with the prospect it would be 3 to 1 when the gladiators entered the ring.

Davey's betting support has not evidenced itself in real money. The carriage trade all likes the sandy-haired ex-collegian, who completely dominated the NCAA ranks a few years ago. But the betting on Davey is mainly neighbor-against-neighbor, based on his previous TV success.

MAJORS SIGN MORE PLAYERS

NEW YORK (AP)—Contract worries were over today for 17 more major league baseball players including two of the brightest Chicago stars, Frankie Baumholtz of the Cubs and Minnie Mino of the White Sox.

Baumholtz, runnerup to Stan Musial in the 1952 batting race, agreed to terms yesterday along with rookie pitcher Jim Willis.

Mino signed his 1953 contract which called for a good raise over his last year's salary of about \$14,000.

Others Sign Up

Other signings yesterday in the American League were pitchers Tom Gorman and Joe Ostrowski with the New York Yankees; outfielders Walter (Hoot) Evers and Al Zarilla with the Boston Red Sox; pitcher Ed Monahan and first baseman Lou Limmer with the Philadelphia Athletics and rookie pitcher Dave Hoskins with the Cleveland Indians.

The National League signers included pitchers Dave Koslo and Jim Hearn with the New York Giants; pitchers Jackie Collum and Joe Presko with the St. Louis Cardinals; catchers Ebbie St. Claire and Jack Parks with the Boston Braves and pitcher Howie Fox with the Philadelphia Phils.

A new kind of Motor Oil that prolongs new car life

Uniflo is a year-round heavy-duty motor oil for all new cars and all cars in A-1 shape

No other premium quality heavy-duty motor oil will do all these things so well for your car all year 'round:

- Maintain new car performance longer
- Reduce engine wear
- Provide easier starting in cold weather
- Fight engine deposits that cause knocking
- Reduce cold weather battery drain
- Reduce power loss
- Protect against sludge formation
- Protect against corrosion

UNIFLO... an entirely new idea in engine protection... will do more for your new car engine year 'round than any other leading heavy-duty motor oil. It replaces the different grades of motor oil many motorists have had to use in different seasons of the year... giving you one all-around motor oil for all temperatures... the perfect running mate for Esso Extra Gasoline. Uniflo flows freely at 25° below zero and gives you

quick easy starts with less drain on your battery. Yet at engine temperatures of 350° or more, you get outstanding lubrication protection.

Until now, carbon deposits have reduced the efficiency of new engines after a few thousand miles... often causing knock. Uniflo checks these deposits in a clean engine, keeps it running like new and greatly reduces engine wear.

These features make it the ideal motor oil for modern tight-fitting high-compression engines. Uniflo was developed only for such engines — in older engines our other fine motor oils will give full protection. Uniflo is approved by leading car manufacturers for year 'round use in new cars and cars in A-1 shape.

Another fine ESSO product for Happy Motoring!</

DEMOCRATIC SILENCE CAN'T LAST TOO LONG

By JAMES MARLOW
WASHINGTON (AP) — This rosy glow along the Potomac can't last forever. If they don't start acting up soon, the Democrats will begin to get self-conscious.

After all, they have an election coming up in 1954. They have to make hay while they can.

So far they have been unusually quiet except for a few questions about American foreign policy, in the nature of "where are we going?"

This may be because they still suffer from astonishment at finding the Republicans running the government for the first time in 20 years and themselves in a minority in Congress.

But the fact is Congress, which returned on Jan. 3, has been in pretty much of a vacuum ever since, waiting for the new Eisenhower administration to get its feet on the ground and lining up legislation to work on.

Waiting For Ike

Because Congress hasn't provided distraction, most eyes have been focused on the White House, wondering about the President's intentions.

But this is a situation which seems well on its way to be remedied. This week a Senate committee began investigating charges of communism in colleges and a House committee began to look for

ways of changing the Taft-Hartley Law.

Pretty soon Washington ought to be alive with investigations, despite a GOP effort in the House to hold them down. This will take some of the attention away from Eisenhower who, because of lack of competing interest, has been living like a man in a goldfish bowl.

Except for his inaugural address and his State of the Union message Eisenhower has pretty much followed the buttoned-lip policy he adopted after the November elections.

"Friendly Document"

The message was generously applauded on both sides of the Capitol aisle. Eisenhower had handled the message carefully. It was a friendly document, calculated not to antagonize.

It would have ill become the Democrats to hack away at Eisenhower's first message to the lawmakers, although they might very well have done so if he had left them many openings.

But since the message was rather an outline than a blueprint, it provided a minimum of material for conversation or controversy, except on its most sensational point: the decision to denaturalize Formosa.

It was probably deliberate on Eisenhower's part that the passage on Formosa raised more

was likely to accept a post as government consultant to direct the abolition of price ceilings.

A government source, who asked that his name not be used, said the decision against immediate general decontrol was reached only late yesterday and that acceptance by Brownlee of the consultant post would mean it was confirmed.

Brownlee was recalled into government service in 1950 to help set up the Office of Price Stabilization (OPS).

The controls law dies April 30, but Eisenhower used his authority to start an earlier termination of controls. Wage and salary ceilings and a number of price controls already have been wiped out.

ADMINISTRATION HAS ACCEPTED TAX CUT PLAN

WASHINGTON (AP) — The Eisenhower administration evidently has accepted a decision by the House Ways and Means Committee to vote for early action to reduce income taxes.

Informed sources said today that Treasury officials made it clear to committee members, at a private dinner meeting last night, that they will neither support nor oppose right now a tax-cutting drive led by Rep. Reed (R-NY).

Earlier yesterday, at a caucus, GOP members of the tax-writing committee were reliably reported to have decided to vote next Monday in favor of Chairman Reed's bill to reduce individual income tax rates 10 per cent starting June 30.

Harmonious Session

Persons who attended last night's dinner, asking not to be named, said Treasury officials suggested they would have liked the committee to delay action until Treasury specialists have more time to sur-

vey prospects for federal revenue and spending.

Administration spokesmen were said to have accepted the committee members' decision as "one of the facts of life." The meeting was said to have been "pleasant and harmonious."

Eisenhower and the Treasury have called for spending cuts and a near-balanced budget before taxes are cut.

Wanted Spending Cut First

The administration was said to be hoping the House Rules Committee will stall the proposal for about two months. Whether Reed and some other committee members would agree not to fight against such a delay remained to be seen.

Reed's bill would give some 50 million taxpayers an average 10 per cent cut in their income tax rates starting June 30. Payroll withholding taxes would drop from the present 20 per cent to 18 per cent.

Such a cut is scheduled Dec. 31 under present laws. Congressional staff specialists estimate advancing the reduction by six months would cost \$1,800,000,000 in revenue for the fiscal year starting July 1.

The Eisenhower administration is said to feel this loss in revenue would make it very difficult, if not impossible, for the new President to balance his first full fiscal budget.

ROYAL FUN IN WINTER — Princess Christina of Sweden is all smiles as she gets ready for fun and frolic on skis at royal park in Stockholm after recent snowfall.

et—a prime goal of the President. Reed has insisted the budget can be balanced under his bill.

Emmitsburg

EMMITTSBURG—The Farmers State Bank will be closed on Thursday, Lincoln's birthday.

Special worship services will be conducted in the Emmitsburg Trinity Methodist Church on Sunday at 7:30 p.m. Tom's Creek Methodist Church members will also unite in the service.

Rev. Byron Keeseecker, pastor, will conduct the services at 9 o'clock in the morning and the guest minister for the evening services will be Rev. J. H. Hartley of the Walkersville Methodist Church.

At a recent meeting of the Town Council, it was agreed to have three additional streetlights installed. They will be placed in front of St. Euphemia's School on De Paul St., in the rear of the Ora Motter property on East Main St., and at the steps by the Rhodes property on North Seton Ave.

The annual banquet of the local Grange will be held this evening in the Lutheran Parish House. An oyster and turkey supper will be served and entertainment and speaking will complete the evening.

UNITED NATIONS, N. Y. (AP) — The United Nations is like the old woman in the shoe — it has so many people at meal-times it doesn't know what to do.

The planners of this citadel for peace set up a gleaming cafeteria for the secretariat workers. But there is one hitch — it seats 400 people while some 3,000 work here daily. Next to it is a finely-appointed dining room for "the brass." It seats 400, but between

LOCAL POLICE TO DECIDE ON BINGO GAMES

HARRISBURG (AP) — Col. C. M. Wilhelm, state police commissioner said today it is up to local police authorities to determine if bingo is actually gambling under the law.

"A whole lot depends on the type of bingo activity that is going on," he told a newsman. "It's up to the district attorney and the courts to decide the merits of each case."

Most bingo affairs sponsored by churches and by local fairs are seldom prosecuted as gambling, he added.

The question was put to Wilhelm on the basis of a letter sent to all clubs by the State Liquor Control Board to clarify the board's position on gambling.

Chairman Gelder would not comment on the exclusion of bingo from the list of gambling devices such as slot machines, punch boards and fish bowls which "will not be tolerated."

"There are other circumstances

Tarrat says the proposed plan would have cost \$143,500,000 and the country's economy could not stand such a strain. However, free medical treatment will be extended over a period of 15 years, the minister says.

SEE EMBARGO AS ALTERNATE TO BLOCKADE

WASHINGTON (AP) — The Eisenhower administration may ask U. S. allies to join in an embargo on all shipments to Red China as an alternative to proposals for a risky naval blockade.

This move was among those some highly placed administration officials thought might come before the strategy-making National Security Council for discussion at a White House meeting today.

Secretary of State Dulles, who told senators yesterday that so far as he knows Eisenhower has made no Far Eastern commitments beyond his Seventh Fleet order, planned to attend. And Mutual Security Administrator Harold E. Stassen was invited.

Alone On Blockade
One Republican official said in an interview that a survey has indicated it probably would be necessary for the U. S. to go it alone in any attempt to blockade the China coast and thus cut off shipments of goods to the Communists.

On the other hand, there was some belief in administration circles that the larger anti-Communist nations might be willing to expand the "strategic embargo" recommended against Communist China by a United Nations committee in May, 1951.

While the U. S. has embargoed all shipments to the Reds, other nations have put only selected articles on the list. Britain, for instance, still ships medical supplies to China.

See War Risk
Although there has been a great deal of talk in Congress about instituting a blockade, some military leaders have said any such action would involve risky possibilities of war.

Gen. Omar N. Bradley was quoted as having told the Senate Foreign Relations Committee yesterday that so far as international law goes, a blockade legally could be laid against Chinese ports and also against Russian-controlled Port Arthur and Dairen.

Bradley said this was true because China retains legal sovereignty over the ports. But he said British-held Hong Kong couldn't legally be tied up by a blockade directed against Red China.

Reservations In London
In London, official reservations were voiced about blockade proposals.

als. The Marquess of Reading, parliamentary under secretary for foreign affairs, told the House of Lords yesterday the British government would "view with concern any proposal to institute a naval blockade."

Adm. William Fechteler, chief of naval operations, told a Detroit news conference it would be feasible for the U. S. to blockade Red we do it or not is none of my business."

Bradley was quoted as emphasizing, to the Senate committee, that the Joint Chiefs of Staff don't make policy and that any blockade decision would be for President Eisenhower to make. Dulles said it was his understanding no decision had been made.

Clean Up Backlog In New York Port

NEW YORK (AP) — Tugboats scurried around the world's largest harbor today to clear up a backlog of work that piled up during 10 days of a strike by AFL crewmen.

Settlement of the strike was announced yesterday afternoon, and the tugs resumed operations in the evening.

They worked through the night helping berth freighters and liners which had anchored in New York's

PAT WARD IS NAMING NAMES IN VICE TRIAL

NEW YORK (AP) — Playgirl Pat Ward's roster of love customers today stood at 50 to 100, including a former European munitions maker, as she began her third day of testimony in the vice trial of margarine heir Minot F. Jelke III.

The 19-year-old red-haired girl, who jumped from Manhattan's Lower East Side into cafe society circles, was reported near the end of her direct testimony and ready to face cross-examination by Jelke's attorneys.

Balked Three Times
Although newsmen and the public have been barred from the courtroom by General Sessions Judge Francis L. Valente, defense and prosecution attorneys have been permitted to answer reporters' questions.

Newsmen thus learned that these were some of the highlights in Miss Ward's testimony yesterday: She wept at her past, breaking down and balking three times at continuing her testimony. But she continued to testify after being threatened with contempt by Valente.

Gives Dates, Names, Places
Many customers are "nice people" with "big names" and some are from New York's clothing industry. Others named are not known to be politicians or Hollywood figures. One was a former European munitions maker.

Her fees for a night of love were \$50 and \$100, depending on what the traffic could bear.

Miss Ward was giving dates and places of her rendezvous, in addition to names and fees.

With the trial closed to them, newsmen scurried around the criminal Courts Building in forays for additional information.

Press Tries To Upset Outset
Valente's order closing to the public the prosecution's presentation of its case was scheduled to receive a court test today. Five newspapers and two wire services announced last night they will apply in State Supreme Court of an order upsetting Valente's exclusion of the press and public.

They said their complaint will allege Valente's ruling was "an infringement of the public's interest in the administration of justice and an improper assumption of censorship powers."

Joining in the move are the New York Journal-American, the Daily Mirror, the Daily News, the Post, the Herald Tribune and International News Service and the United Press.

outer harbor while waiting for a tow. Other tugs started moving fuel, food and other supplies across the Hudson River from New Jersey to New York City.

A spokesman for the tugboat companies grouped in the New York Marine Towing and Transportation Employers Association said last night it would take two or three days to move all the accumulated shipping.

TRYING TO CAP WILDCAT WELL

HOBBS, N. M. (AP) — A tough oil-field trouble-shooting crew is getting ready to tackle a runaway gas well that could become a gigantic torch any second.

The well has been spewing a 80-

foot column of sour-smelling gas for 10 days at a measured rate of 130 million cubic feet a day. Workers say a single spark could turn it into an inferno and touch off Southeastern New Mexico's worst oilfield fire.

Preliminary steps are under way to clear the site for capping attempts.

Flown here to take charge was professional firefighter Myron Kinley of Houston, Tex. He had just

finished capping two flaming wells in the Gulf of Mexico.

In freezing temperatures and whipped by gusty winds yesterday, the crew began removing heavy stalks of drill pipe left standing in the gas-blackened derrick when the well blew out Feb. 2 with a deafening roar.

FORMOSA POWER PROJECT
TAIPEH, Formosa (AP) — The Westinghouse International Elec-

tric Co. has signed a contract with the Taiwan Power Co. to install two 20,000-kilowatt steam generators in a thermal-electric plant near the north coast port of Keelung.

The project will cost \$5,500,000 and is due to be completed within two years. It was the largest contract with a foreign firm underwritten in Formosa by the Chinese Nationalists since V-J Day.

Patrols Active On War Front As New Leader Takes Charge

SEOUL (AP)—Fighting dwindled to patrol activity along the dreary 155-mile Korean battle front today as Lt. Gen. Maxwell D. Taylor took command of the U. S. Eighth Army.

Taylor, a paratrooper general of World War II, became the fourth United Nations field commander in Korea. He succeeded Gen. James A. Van Fleet, who started home for retirement.

The 60-year-old Van Fleet bade a tearful goodbye to his beloved Eighth Army and then left the war-ravaged peninsula for the first time since he took command 22 months ago.

In Tokyo tonight a glittering host of Allied military and diplomatic officials paid him a hero's tribute. Van Fleet will leave by air for Honolulu tomorrow. There he will meet his wife, and after a short rest, the couple will go by ship to San Francisco.

Much Aerial Action
Despite clouds covering most of North Korea throughout the day, the Fifth Air Force reported Sabre jets swept MIG alley, fighter-bombers struck on the West Coast

and B26 bombers knocked out the center span of a rail bridge south of Wonsan on the East Coast.

Sabre pilots encountered no MIGs.

The Navy reported today that carrier-based planes swept to within 12 miles of the Manchurian border in Northeast Korea Tuesday. Pilots said they destroyed 40 buildings and four power transformer stations near Hoeryong, and damaged another transformer north of Chongjin, 60 miles southwest of the Manchurian border.

The mercury climbed to the 40s and 50s along the battlefield, the highest temperatures of the new year. Early morning snow flurries turned to rain later in the day.

GIVE FAKE BOMB TIP

WILLIAMSPORT, Pa. (AP)—An unidentified man phoned city police that he had set a bomb in the Lycoming County Courthouse to go off in a half hour but the tip proved false.

About 60 workers were cleared from the building as soon as the call was received yesterday. When there was no explosion Sheriff William M. King conducted a tour of inspection but was unable to find any bomb.

EISENHOWER SIGNS BILL

WASHINGTON (AP)—President Eisenhower today signed into law a bill extending until 1955 his powers to reorganize government departments and agencies. It is the first major legislation to go on the statute books since Eisenhower took office.

When To Itemize Deductions Or To Take 10 Per Cent Cut

This is the fourth of Six Articles on How to Make Out Your Federal Income Tax Return.

By FRANCIS J. KELLY
The Associated Press
WASHINGTON — It may pay you to itemize your non-business deductions on your federal income tax return, instead of taking the standard 10 per cent allowance based on your income.

A comparison of the tax computed under each system certainly is in order if you paid out a lot of interest on a home mort-

gage, or incurred heavy medical or hospital bills.

The government neither wants nor expects you to pay more than the minimum tax due, honestly figured.

You can itemize deductions only if you use long-form 1040. Otherwise you are automatically given a credit of about 10 per cent of your income.

The principal allowable deductions are state and local taxes; interest paid; contributions to religious, charitable and educational organizations; property losses by

fire, storm or theft; and — under strict limitations — some medical, dental, hospital and nursing expenses.

Limits On Contributions

Contributions to religious, charitable and educational organizations are deductible only up to 20 per cent of your income. You don't get anything off your tax bill for gifts to needy individuals, or to political organizations, or labor unions, or chambers of commerce.

You can deduct for real estate and personal property taxes, state income taxes, state or local sales taxes, state gasoline taxes and automobile license fees.

But you can't take anything off for federal income taxes paid, social security taxes, federal excise taxes such as those on liquor, furs, jewelry and phone calls, or

for local taxes which tend to increase the value of real estate owned. A paving assessment is a case in point.

The law sets tight limits on the amount of medical expenses for self and dependents that may be deducted. First, taxpayers under 65 can take off only that portion of such costs which exceeds 5 per cent of their adjusted gross income. However, if either you or your wife is 65 or over, you may claim the entire amount of medical expenses for both of you, plus that portion of your medical expenses for your dependents which exceeds 5 per cent of your income.

Medical Expense Limits

There are maximum limitations on medical expense deductions, too. A single person who claims only one exemption is entitled to put in for not more than \$1,250; a married couple filing a joint return, \$2,500; married, three exemptions, \$3,750; and married with four or more exemptions, an overall top of \$5,000. Those limits ap-

ply regardless of age.

Allowable medical expenses include doctor, dentist, hospital and nursing bills; drugs and surgical appliances; false teeth and eyeglasses; X-ray examinations or treatments; crutches, hearing aids and ambulance service; premiums on health, accident, medical or hospital insurance and cost of travel necessary to get medical care.

However, you cannot deduct the cost of travel suggested by a doctor for rest or change; or funeral expenses, or life insurance premiums.

If you itemize your deductions on long-form 1040, you can take off your income any property losses by fire, storm, flood, etc. Loss sustained in a car accident caused by faulty driving is deductible, but drunken driving is considered willful negligence, and no deduction is allowed.

No deduction may be claimed if the loss is compensated for by insurance. If partially covered by insurance, the amount of the deduction is reduced accordingly.

The law requires you to report as income any winnings you may have on the races, poker and other forms of gambling. But gambling losses may not be deducted in excess of gambling winnings.

Alimony or separate maintenance payments made under a court decree may be deducted. So may union dues, (as distinguished from gifts to unions) and amounts spent entertaining customers. Despite protests of many working mothers, the wages paid a nursemaid are not deductible, even though her presence in the home enables the parent to work.

If you keep securities in a safe deposit box, you can deduct the rental cost. You can't, however, if it is used only for jewelry, insurance policies and mementoes.

Grenade Quells Red Prison Mob On Koje

PUSAN, Korea (AP)—One Communist prisoner of war was killed and 38 injured, 13 seriously, on Koje Island on Monday when U. N. guards quelled a singular Red mob with grenade and rifle fire, the U. N. Prisoner of War Command announced Tuesday.

There were no Allied casualties. The flareup came when North Korean prisoners began to shout and sing Communist songs "in violation of written orders," the POW Command said.

Captain White Finds Watch Taken By Indians; Arrives In Quebec And Is Paroled

By CAPTAIN SAMUEL WHITE
(An autobiography of an Adams county man in the campaign of 1814 against the British and Indians in Canada.)

Captain White has opportunities for escape but they require money, which he is unable to obtain, or the changing of his name, which he is unwilling to do.)

Eleventh Installment

A company of merchants, five in number from Long Point, and who had come to Montreal to lay in goods, put up at the tavern where I lodged, and sent me an invitation to come to their room after supper, and drink some wine with them.

They were very sociable, and made a good many inquiries relative to my imprisonment and subsequent treatment. I gratified them in every particular. Next morning, I was speaking to one of their boatmen, who was going to get his watch repaired, and I asked him to show it to me, and to my own astonishment he drew out my own watch.

It had a compass on the face of it, and the needle being loose I asked him if he could fasten it, and upon his answer that he could not, I told him to hand it to me, and I would fasten it for him; when he was in the act of reaching it to me, I remarked that I had carried that watch a much longer time than he,

and that it was the very one which had been taken from me by the Indians when I was made prisoner; he immediately drew back his hand, when I told him not to be alarmed, as I had no notion of laying claim to it, as I supposed he came honestly by it.

Merchants Return Watch

He then handed it to me, when I put in the needle, I showed him the spring which fastened it, and returned it to him, saying that if I had money I would buy it of him as it was a favorite watch, and had been the gift of a brother now dead; but that as my means had been taken, as well as my watch, I had no means of gratifying myself by its recovery. The same evening however, the merchants again sent for me to their room, and after some conversation and drinking a few glasses of wine, one of them drew out my watch and presented it to me, saying he hoped I would receive it as a mark of their friendship, and that they felt very happy in being able to restore it to me. They had each subscribed five dollars. I feel sorry that I cannot recollect the names of the men, who acted so very generously.

Next morning Gillas and I were ordered to repair to the wharf, there to go aboard a vessel bound for Quebec; previous to going on board, I called to bid Mrs. Norris farewell; she inquired if I had any money to purchase necessities, and upon my replying that I had not, presented me with four dollars, which she insisted upon my taking, regretting at the same time, the absence of her husband, which disabled her from giving a much larger sum.

On Boat To Quebec
We repaired according to orders to the wharf, and went aboard of a merchant vessel. I regret very much that the loss of detached parts of my manuscript, has put it out of my power in several instances to mention the names of persons from whom I had received kindnesses; the captain of the vessel which conveyed us to Quebec, is amongst the number of those whose names it would have afforded me pleasure to record; he was in every sense of the word, a gentleman.

He conducted us to his cabin, and opened for us his library, assuring us if we could find anything in it to divert ourselves, we were perfectly welcome to its use. When dinner time came he sent for us to dine with him, and continued to entertain us at his own table all the time we were aboard; dinner over, he brought in brandy and wine and a pack of cards for our amusement, when he would himself take a hand. This, as the saying is, was too good to last long, and in three days we reached Quebec, a large and handsome town, and the capital of Canada.

The first place taken notice of upon landing here is a square of an irregular figure with well built houses on each side, on the back of which, is a rock; on the left it is bounded by a small church, and on the right are two rows of handsome, and apparently convenient houses, built parallel to each other. There is another row between the church and the harbor, and another, and a large one on the side of the bay.

Upper And Lower Towns
This is a kind of suburb; between this and the great street is a very steep ascent, with steps for foot passengers. This is what is called the Upper Town; the city being divided into an Upper and Lower

FINE ENDORSES PWR REJECTION

HARRISBURG (P)—Gov. John S. Fine has endorsed the recommendations of the Pennsylvania Water Resources Committee which rejected a proposed Incodel plan for developing Delaware River water resources.

Fine noted that the committee, which he named in 1951 to study the problem, recommended that Pennsylvania form a water authority of its own to handle water supply development.

"We could extend an invitation to New Jersey to join us in water supply projects," Fine told a newsman.

Incodel (Interstate Commission on the Delaware River Basin) planned a long-range construction program for an intricate system of dams, to supply water to Pennsylvania, New York, New Jersey and Delaware.

The Water Resources Committee, headed by Albert M. Greenfield, Philadelphia, tagged the Incodel plan as beneficial only to New York and Northeastern New Jersey.

Town. In the upper is situated the Bishop's palace, a very elegant and splendid building, and between two large squares is a fort where the Governor lodges.

The Recolets a sort of Franciscan friars have handsome houses over against it. On the right of the Cathedral, and directly facing it, stands the ci-devant Jesuits college. In a direct line from the fort, and parallel to each other, run two streets which are crossed by a third, and between these and the Governor's house are situated a church and convent. The houses are mostly built of stone, and the number of inhabitants amounted, I was informed, to about seven thousand.

The fort is also a handsome building. Quebec is situated at the confluence of the rivers St. Lawrence and St. Charles. The river, which from the sea hither, is about four or five leagues broad, narrows all of a sudden to the breadth of a mile. The harbor is safe and commodious, and the water is about five fathoms deep. Quebec is not regularly fortified, but it cannot be easily taken for the harbor is flanked with two bastions, which at high tides are almost level with the water.

In the year seventeen hundred and eleven, the British fitted out a fleet, with a design to conquer Canada which failed, in consequence of the Admiral rashly following his own opinion, although in direct contradiction to the advice of his pilot, in sailing too close to the "Seven Isles" by which piece of imprudence he lost his largest ships, and upwards of three thousand of his best soldiers. On the eighteenth of October, seventeen hundred and fifty nine, it was taken however, by the British, under the command of General Wolf, who fell in the battle after he had the satisfaction of knowing that his troops were victorious.

In December seventeen hundred and seventy-five, it was attacked by the Americans, under General Montgomery, who was killed, and his army repulsed. Quebec lies three hundred and twelve miles from the sea coast, and five hundred and ninety north-west of Boston.

Having arrived here we were

paroled to Beaufort, a village at the distance of about three miles, where we were ordered to proceed immediately. We got into a calash or sort of gig which carried us there in a short time, for which conveyance we were charged two dollars each. Here we fell into company with a number of paroled officers, and here again I came into company with my old friends and companions. Major Galloway and Captain Roberts from Cumberland county, the latter of whom had been made prisoner at the battle of Bridgewater, on the twenty-fifth of July eighteen hundred and fourteen. Here also we met with Major Willson, Major Staunton, Col. Churchill, and several other officers from the State of New York. The hostages who had been kept in Quebec prison for several months, were also at this place under parole.

The officers I have above mentioned had been marched to this place overland, under guard, and had been during their march treated by the guard with the utmost contempt. When in their passage along the roads, they came in contact with a mud hole, although there might be plenty of room to pass around they were compelled to walk through it, at the point of the bayonet. At many places they were almost knee deep in mud.

IKE STRATEGY BAFFLING REDS AND HOME FRONT

By JAMES MARLOW
WASHINGTON (AP)—No matter what comes of President Eisenhower's decision on Formosa, at least it has served him as a useful trial balloon for testing opinion before he goes any further.
There has been not only world-wide reaction to his Formosa policy but speculation, at home and abroad and particularly in Congress, or just what he should or shouldn't do next.
What he said about Formosa, taken at face value, didn't mean much. He said he would tell the Seventh Fleet to let Chiang Kai-shek's Nationalist troops on Formosa attack the Chinese mainland. Actually, the Nationalists have been doing just that for more than a year, although only in small raids from islands near the mainland. So the main purpose of the fleet has been to keep the Communists from attacking Formosa.
Expect Only Small Raids
And even with the fleet withdrawn, the Nationalists by themselves can't do much more than they've been doing, it seems. Military experts say they won't be capable of more than continued small raids for a good while.
But Eisenhower left unanswered the first question that came to everyone's mind: What would the fleet do now if the Communists attacked Formosa by sea or air?
And that one unanswered question gave rise to a host of others: If the fleet stopped a Communist attack on Formosa would that put this country into all-out war with China, thus widening the Korean War?
Is this decision about the fleet the only move Eisenhower has in mind? If not, what next? Should the Navy blockade the Chinese

VAN FLEET BIDS ARMY FAREWELL

SEOUL (AP)—Gen. James A. Van Fleet bade this dramatic farewell to his U. S. Eighth Army troops Tuesday.
"We have faith that President Eisenhower will find a way to bring peace to Korea as well as to the rest of the world."
The retiring commander spoke against the backdrop of the roar of heavy Allied tanks blasting away at Communist targets on the Central Korean Front. Van Fleet tomorrow will surrender command of the Eighth Army to Lt. Gen. Maxwell D. Taylor.
At the front, fighting dwindled to brief patrol clashes and one light Communist thrust.
Snow fell all across the 155-mile outlie. The mercury hit 8 to 10 degrees above zero.

Sen. Taft, Republican Senate leader, said he would back any move Eisenhower might make in the Far East, including a naval blockade of China.
And Gen. Bradley, chairman of the Joint Chiefs of Staff, was reported yesterday to have told senators he believes ships China-bound could be stopped and forced to unload their cargoes without precipitating war.
Meanwhile, from the White House, silence. But the public is being prepared for whatever comes next.

REPORTS BANNER YEAR
MONTREAL, February 10 — More than five billion dollars of life insurance in force, and new business during 1952 of \$545,581,000, an increase of 18 per cent over 1951, are among the outstanding figures appearing in the 82nd annual report of the Sun Life Assurance Company of Canada released here today by George W. Bourke, president. The new business was the largest amount sold last year by any Canadian company, much of it secured in the United States where the company has 36 per cent of its total business in force.

**Limit Services Of
Parking Authority**
PHILADELPHIA (AP)—Garages operated by public parking authorities cannot sell gasoline, oil, accessories or repair automobiles, says the State Supreme Court.
In a decision involving two Pittsburgh cases Justice Allen M. Stearns held on Monday that the Pittsburgh Parking Authority is prohibited by the State Parking Authority Act from providing any garage services except parking.
One case, a taxpayer's suit, involved the proposed four million dollar underground garage at

"Mellon Square". The decision en joins the Pittsburgh Authority and Mellon Square Garages, Inc., from selling petroleum products, auto accessories, tires, batteries and servicing of cars.
That decision was based on the ruling in another case involving two parking facilities leased by the authority in Parking Service Corp. The high tribunal upheld the Allegheny County Court which had restrained the authority from providing garage services and thus competing with private business.
HARRISBURG (AP)—A plan to eliminate hung juries by allowing

a verdict to be decided by 10 of the 12 jurors was suggested today by seven Philadelphia Democratic House members.
A joint resolution would change the present requirement that all jurors vote unanimously before a verdict is handed down.
The seven sponsors said in a statement the bill would also wipe out "the freezing of jury deliberation by an isolated, stubborn juror."
The sponsors are Reps. Herman Toll, Albert Leven, George X. Swartz, Thomas McCormack, William L. Zeitz, Jerome Poltenstein and George J. Glick.

Communist coast to keep supplies from the Reds? Should the U. S. start bombing Red bases in Manchuria beyond the Yalu River, which is what Gen. MacArthur had wanted to do?
Keeps Reds In Suspense
If Eisenhower wanted to push the Communists off balance, psychologically, by forcing them to guess about what was coming next, he undoubtedly succeeded. They couldn't help wondering.
No one except Eisenhower's inner circle knows whether he intends any other moves to end the Korean War or just announced the new Formosa policy — which could mean nothing new or very much, depending on what he has in mind — to see the reaction before trying anything else.
If getting reaction was all he had in mind, he's got it. Neutral Asians let it be known they don't think much of Chiang and are concerned about any American move that might widen the war and make it a world war.
Herbert Morrison, former foreign secretary of the British Labor government, told the U. S. it shouldn't look for British support on the Chinese mainland as a result of the "mistaken" Formosa policy. There was worry elsewhere in Europe.
Many Favor Blockade
And as speculation widened in this country, one idea led to another, giving Eisenhower a chance to see what American opinion, or some of it, was before he tried anything else.
Rep. Short, Missouri Republican and chairman of the House Armed Services Committee, hinted a naval blockade of the Chinese mainland was under consideration. He said he got it from Adm. Arthur Radford, commander of Pacific naval forces.
Sen. Russell, Georgia Democrat and leader of the Southern Democrats, joined a growing congressional demand for a blockade.

FAVORS TAX OF 1 PER CENT ON USED CAR SALE

HARRISBURG (P)—All used car sales in Pennsylvania would be subject to a one per cent tax under a new House bill.

The measure, introduced Monday night by Rep. Henry E. Ragot (R-Northampton) would require the persons selling any second-hand motor vehicles to pay the tax to the state under penalty of a \$100 fine.

Used vehicles purchased outside the commonwealth and brought in for registration also would be subject to the proposed levy.

No revenue estimate was mentioned in the bill.

The House also received a bill to require all persons applying for motor vehicle licenses to hold a liability insurance policy or post an \$11,000 bond.

Insurance or Bond

Introduced by Reps. Blaine C. Hocker (R-Dauphin) and Harold Wescott (R-Susquehanna), the measure would require each motorist to carry at least \$5,000 to \$10,000 in insurance unless they post the special bond.

Under present law, a motorist may lose his license if he is involved in an accident and does not pay for damages for which he is at fault.

Other new House bills would: Require all persons granted driver's licenses to be fingerprinted with the prints kept on file with the State Revenue Department—Reps. Thomas P. Geer (R-Allegheny) and Raymond E. Wilt (R-Allegheny).

Provide special auto license tags for war amputees and permit them to park in restricted areas—Reps. John S. Shotwell (R-Monroe) and T. Luke Toomey (R-Perry).

Other Measures Provide for the payment of \$25 a day to members of local draft boards—Rep. John H. Downey (D-Schuylkill).

Remove the requirement of a sponsor for paroles—Rep. John J. Vaughan (R-Allegheny).

Establish a retirement system for the state police—Rep. Ragot. Increase the bounty on foxes from \$4 to \$8—Rep. Charles A. Auker (R-Blair).

Allow the appropriation of certain reserves in the motor fund for general fund purposes—Rep. W. Stuart Helm (R-Armstrong).

Provide for the election, instead of appointment, of Public Utility Commission members—Rep. George J. Glick (D-Philadelphia).

May Probe State's Insurance Program

HARRISBURG (P)—A fire at the Indiana State Teachers College may spark a legislative investigation of the commonwealth's entire fire and casualty insurance program.

The fire last April 15 caused damage estimated at a million and a quarter dollars. And all the state could put up to replace the damaged buildings was \$450,000, says Sen. Montgomery F. Crowe (R-Monroe).

Crowe on Monday introduced two bills in the Senate calling for (1) an investigation of the state's insurance program, and (2) authorization for the commonwealth to purchase fire and casualty insurance for all state buildings valued at \$500,000 or more.

"I want to see who has the money in the insurance fund and what is being done with it," said Crowe.

Charlie O'Brien, 17-year old apprentice jockey at Hialeah, learned to ride at a Bronx, N. Y., riding academy.

No Directions On Bottle Of Liquor

HOT SPRINGS, Ark. (P)—A man told the judge that he "forgot to read the directions" on the bottle from which he had been drinking when he was arrested on a drunkenness charge recently. "What kind of medicine were you taking?" asked the judge. "Liquor," was the reply. "Thirty days," the judge said. "I don't recall ever seeing directions for taking liquor printed on a bottle."

NEW WHITE DYE

NEW YORK (P)—A pure white dye has been developed for the first time, reports the British Informa-

tion Service here. It has an action different from that of chlorine bleach or other usual whitening agents. Made by a London firm, the product also brightens colored fabrics, particularly pastel shades, without removing the color, according to the report.

HOUSE STUDIES
SICK BENEFITS
PLAN FOR PA.

HARRISBURG (P)—A proposed system of paying most Pennsylvania workers in private industry state sickness benefits was under study in the House today. "It's a starting point for further study of the cash sickness bene-

fit idea," said Rep. Adam T. Bower (R—Northumberland), sponsor of the new bill. Under the measure, weekly payments of from \$10 to \$30 would be paid for as long as 13 weeks a year after the first week of illness or non-work connected injury. Share Contributions Each employee would pay one-half of one per cent of his wages up to 30 cents a week to finance the plan. Employers would pay the remaining cost but there was no estimate as to how much their share would be. Bower said he introduced the

Must Testify Or
Lose State Jobs

HARRISBURG (P)—The state or municipal employee who appears in court or before a legislative committee and refuses to testify on grounds he would incriminate himself would lose his job under a new Senate bill. Sen. Albert R. Pechan (R—Armstrong) introduced the measure last night. The bill was referred to the Senate State Government Committee.

bill on Monday with the knowledge of Gov. John S. Fine but added: "This doesn't mean the governor is endorsing the bill," he told a newsman.

Three Alternatives Employees now eligible for similar sickness benefits under plans partially or entirely paid for by their employers would not receive the state benefits. Employers would have three alternatives in financing the plan. Their workers' money could be (1) placed in the state fund (2) used to buy private insurance, or (3) used to post a bond to guarantee benefits. Some 3½ million workers would be covered by the proposed law. Exemptions would include state and local employees, those employed by charitable and educational institutions, railroaders, seamen, farm workers and extra employees who work less than 45 days with a single employer. Any employer of four or more workers would be required to participate in the plan which would go into effect June 30, 1954. Employees would become eligible for the benefits after a week's illness if they stayed away from work and were under a physician's care.

Expedition Seeks
Old Civilization

LONDON (P)—A British expedition has left for the 1,000-year-old sacred city of Ile-Ife in Nigeria, West Africa, to search for the buried remains of an unknown civilization. The British museum said the archeologists will dig beneath Ile-Ife's mud-built palaces and homes to trace the origin of the fine bronze heads and terra cotta reliefs first discovered there in 1910 by the German explorer, Leo Frobenius. Other art objects were found near a palace in 1938.

LONGTIME TENANT

PITTSBURGH, Pa. (P)—Edward Ackenhell, 83-year-old retired Heinz Co. department head, recently got a letter from Postmaster James C. Smith congratulating him on being the oldest box-holder at the Pittsburgh post-office. The former Californian has been renting the same box, No. 402, for more than 50 years. He signed up for it when he came to Pittsburgh in 1902. Although he now gets his mail at the United Presbyterian Home in suburban Wilkinsburg, Ackenhell still holds Box 402.

DONATING BLOOD EASY

WAUKEGAN, Ill. (P)—This city's leading woman blood donor says giving blood is just about as easy as falling off a log. Mrs. Carl Hellman donated her 46th pint of blood she's given in the space of 11 years—an average of over four pints a year. "I've never experienced any after-effects," she says. "Giving blood is a little thing to ask, and it's the least a person can do to help the boys in the service."

NOT EVEN PEANUTS

ST. LOUIS (P)—The president of the Board of Aldermen, Charles Albanese, was discussing the mayor's \$10,000 salary with the comptroller. Albanese had decided not to run for mayor because "I can make more than \$10,000 selling peanuts."

Confiscated Jap
Property Returned

TOKYO (P)—More than 40 million dollars worth of Japanese real estate confiscated for use by occupation forces was returned to original owners during 1952, the Far East Command announced recently. Another 10 million dollars worth of property probably will be returned during the next three months, the Army said. So far 102 major buildings and 381 private homes have been given back to Japanese owners.

TULIP TREE FOR ROSE CITY LITTLE ROCK, Ark. (P)—This capital city, which bills itself as "The City of Roses," recently adopted an official tree. Selected: the tulip tree.

WOULD GIVE WARNING FIRST FOR SPEEDERS

HARRISBURG (AP)—First offenders in speeding cases would be given a warning instead of an automatic suspension under a new series of graduated penalties being studied today by the Senate.

The measure, sponsored by four Democrats, would stamp the driver's license of first offenders with a warning. They now face a 90-day suspension of their right to

operate a motor vehicle. Suspensions of from 30 to 90 days would be given second offenders while those convicted a third time would lose their license for six months. The license would be revoked permanently on the fourth offense.

Has Four Sponsors
The bill was sponsored by Sens. William J. Lane (Washington), Joseph M. Barr (Allegheny), John J. Haluska (Cambria) and John H. Dent (Westmoreland).

Another new bill would extend the closing time for public taverns from Saturday midnight to 2 a.m. Sunday. Under present law, clubs are permitted to serve alcoholic beverages until 3 a.m. Sundays although public drinking places must

close at midnight.

Other New Bills
Other new Senate bills would: Alter the term "minister of the gospel" to "clergyman" in marriage certificates—Sen. Joseph J. Yosko (D—Northampton).

Prohibit acquisition of property by condemnation until payment into court of damages due owners—Sen. Thomas P. Harney (R—Chester).

Exempt from the state real estate transfer tax property transferred from a parent to a son-in-law or daughter-in-law or from grandparents to in-law children—Sums For Medicine.

Sen. Murray Peelor (R—Indiana). Appropriate \$856,900 for the Women's Medical College of Pennsylvania, at Philadelphia—Sens. A. Evans Kephart (R—Philadelphia) and Martin Silvert (D—Philadelphia).

Appropriate \$432,000 for the Albert Einstein Medical Center, Philadelphia—Sens. Silvert, Anthony J. Di Silvestro (D—Philadelphia) and Israel Sitefel (D—Philadelphia).

Exempt the Young Men's and Young Women's Christian Associations from laws regulating the solicitation of funds for charitable and religious purposes—Sen. Paul L. Wagner (R—Schuylkill).

Amend the State Constitution to provide for absentee voting—Sens. Lane, Barr, Haluska and Dent.

Require water companies in Pittsburgh to shut off water for nonpayment of sewer, or sewage treatment rentals or rates—Sen. Barr.

Permit the election of school directors in second, third and fourth class districts by nonpartisan elections, subject to local option—Sen. Frank W. Ruth (D—Berks).

Littlestown

"The Acts of The Apostles" was the subject of the sermon presented by the Rev. G. Howard Koons, pastor of Christ Reformed Church, at the union vesper service on Sunday evening in St. Paul's Lutheran Church. The Rev. Mr. Koons read the Scripture lesson from the Book of Acts. The service was in charge of the Rev. David S. Kammerer, pastor of the hostess church, who offered prayer and led the responsive reading of Psalm I. The anthem "Saviour of The World," was sung by St. Paul's Senior choir with Robert B. DeGroot as soloist, accompanied by Mrs. Winfield A. Lippy, church organist.

Past Grands To Meet
The quarterly meeting of the Conecago Deaneary Council of Catholic Women will be held on

Sunday, March 15, 2 p.m. in St. Joseph's parish hall, Bonneauville, according to an announcement made by the president, Mrs. George A. Miller, Gettysburg.

Refacing of the outside walls of St. Paul's Lutheran Church will be discussed at the annual congregational meeting scheduled for Sunday, February 22.

Valley Home Lodge No 740, Independent Order of Odd Fellows, Fairfield, will be host to the Adams County Past Grands Association for the monthly meeting on Thursday evening, February 19.

Church Groups Active
The February meeting of the Consistory of St. Mary's Church will be held this evening at 7:45 o'clock in the social hall of the church with the pastor, the Rev. Ray E. P. Abbott, presiding. Members of the Gleaner's Sunday School class of St. Mary's Church are requested to bring an item for the white elephant auction to be held in connection with

the monthly meeting of the class this evening at 8 o'clock at the home of Mrs. Oscar Wine.

A white elephant sale will be conducted during the social period following the business meeting of the Mothers' Sunday School class at St. Mary's Church on Friday evening, 7:30 o'clock, in the social hall of the church. The February hostess committee is composed of Mrs. Ralph Morgret, Mrs. John T. Dutterer, Mrs. Cyril Groff and Mrs. Harvey Bankert.

MIAMI, Fla. (AP)—This city set a new record for dryness in November, normally the beginning of the dry winter season here. Only 21 inches of rain fell as compared to the previous low of 23 in November, 1944, the weather bureau says. Miami also set a wind velocity record for February and without the benefit of a hurricane. The wind velocity reached 68 miles an hour, smashing the previous mark of 41 mph.

JACK PARISI IS ARRESTED; MAY BE DEPORTED

HAZLETON, Pa. (AP)—Jack (The Dandy) Parisi, 54, often described by New York police as a member of Murder Inc., has been arrested here by immigration officials who say they'll try to deport Parisi as an undesirable alien.

Parisi, arrested at a Hazleton dress factory given as his business address, was freed on \$3,000 bond several hours later.

The dapper native of Italy was taken into custody on a warrant issued by Karl I. Zimmerman, district director of the Immigration and Naturalization Service. He was charged with violation

of the McCarran-Walter Immigration Act, which, among other things, makes it possible to deport aliens convicted of narcotics sales.

In bringing the charges, immigration authorities went back to 1926, when Parisi was convicted of selling dope in New York and sentenced to six years in prison.

Parisi will be taken to Philadelphia to face deportation proceedings, immigration officials said. No date was set for his arraignment.

PITTSBURGH, Pa. (AP)—Early each morning about 300 pigeons line up at a restaurant in Pittsburgh's East Liberty section and begin pecking on the windows for their breakfast.

A porter by the name of Arthur tosses them the stale buns left over from the day before, which amount to some 450 a week. Owners Jerry and Lloyd Drognes refer to the birds as "Arthur's Children."

Stamp News

By SYD KRONISH
The Associated Press
THREE FRENCH colonies — West Africa, Equatorial Africa and Algeria — have issued distinctively designed stamps.

Equatorial Africa's stamp commemorates the centenary of the birth of Archbishop Philippe-Prospere Augouard, a missionary to the Congo. The 15-franc airmail depicts the Archbishop and a view of a cathedral in the background.

The colors are green, sepia and maroon.

West Africa's adhesive is a 40-franc red honoring Marcel Truch Laplene, a businessman who helped develop the Ivory Coast. A portrait of Laplene and a map of the territory appear on the stamp.

Algeria's stamp is 12-franc brown and marks the 50th year of the Sahara Companies. The heads of a camel, an Arab and a French soldier are depicted.

ITALY HONORS the 100th anniversary of the birth of two artists — Antonio Mancini and Vin-

cenzo Gemito. Both are 28-lire and both bear portraits of the artists. Gemito appears on the brown and Mancini on the green. As in previous cases of Italian stamps, these also were overprinted AMG-FTT for use in the Free Territory of Trieste.

BIRDS OF FINLAND make their appearance on a new set of Finnish stamps, reports the New York Stamp Co. The 10-markka plus 2 green shows a tit-mouse. The 15-m-plus-3 magenta depicts a pair of spotted fly-catchers. The 25-m-plus-5 blue pictures a swift.

MORE POWER TO STATE COURTS

WASHINGTON (AP)—State courts, it appeared today, will have less interference from the federal courts from now on.

Supreme Court Justice Reed in a 14,000-word opinion Monday told Federal Courts not to use habeas corpus proceedings against State Court criminal convictions except where there is a clear showing of unusual circumstances.

After all, Reed said, State and federal courts have like responsibilities to protect the constitutional rights of accused persons.

Reed spoke for the majority in a 6-3 decision upholding state-imposed death sentences on four North Carolina Negroes.

Justice Jackson in a separate opinion hailed the decision as tending to end a "demoralizing" situation in which he said state court judges could not determine what standards to follow.

Two of the Negroes were convicted of raping white women; the other two were convicted of killing a white taxi driver.

Each stamp bears the anti-tuberculosis cross. The extra values of these adhesives goes to the Finnish Anti-Tuberculosis Society. The date 1952 also appears on each stamp.

THE YUGOSLAV sector of Trieste has issued a new 15-filler brown stamp. Depicted on the stamp is a starfish surrounded by many other species of fish. A souvenir sheet for the Philatelic Exhibit in Koper repeats the design in green.

THREE NEW TURKISH stamps honor the 75th anniversary of a famous battle in Turkish history. It is the battle of the "Redoubt of Aziziye at Erzurum." The Russians were the adversaries. The 15-kurus violet shows a hand to hand combat scene. The 20-k blue depicts a view of the battle site. The 40-k olive displays a panoramic view of the area.

SAN MARINO has issued two airmail stamps to honor a recent photographic survey taken of the little independent country. The 45-lira green shows a plane flying high over the mountains. The 75-lira blue and brown depicts a framed view of a plane over the mountains.

GEORGE H. GOLDEY of Canton, Texas, a collector of naval covers, writes that he is interested in contacting other naval cover collectors throughout the country. Goldey's address is P.O. Box 577, Canton, Texas.

TEEN TALK

By VIVIAN BROWN

The Associated Press

So you want to be beautiful, pretty, charming, adorable, sweet and glamorous to the rest of the world. A small order, but it that's your main wish for 1953, now is the time to wrap the little nuggets of wishful thinking in their glittery sequins and strive to keep your New Year's resolutions. Here's the way to take out that

beauty insurance that will pay dividends in the future. So start paying premiums into your glamor bank now. Here's how:

1. Hands and Nails. . . . This is the time to train nails to grow in a pretty shape. Every time you wash your hands, push your nail cuticle back gently with the towel.

A buffer is a fine idea for smoothing the nails, although some consider this method old-fashioned. If you have the time, it is an excellent way to keep your fingernails smooth and pretty.

Use an emery board, not a metal file to shape the nails and do not round them at the corners if you want to avoid hangnails. If nails are brittle, drink more

milk and eat foods beneficial to healthy nails.

Keep hands smoothed in winter by remembering to rub oil, lotion or special hand creams into them after washing dishes or after hands have been exposed to cold.

2. Skin and Complexion. . . . Bathe often to remove impurities from pores. Use soap lavishly.

Use a pumice stone on sole calluses. Rub heels with stiff well-soaped brush.

Wash face with soap in gentle fashion. One skin expert advises rubbing good soap directly on the face. His method is excellent, and he suggests rubbing the soap on face and neck, massaging it in with palms of hands, and then

rinsing off with the same soapy water.

At the first sign of a skin blemish, attempt to find the cause. If you've been gorging yourself with candies, pastries, and soda pop, avoid them for a while, along with pastries, gravies and other rich foods. Concentrate on green vegetables, lean meat, salad and potato until your skin looks normal.

3. Your Figure. . . . It is easy to take off an extra pound or two, but if you let ounces roll into pounds and wait until your excess weight is ten pounds or more, the reducing job will be a miserable chore. If it is just a question of a few pounds, these can be lost usually by giving up starches, fats and sweets for a week or so until your weight is back to normal.

4. Your Hair. . . . A good haircut and daily hair brushings are important to hair grooming. If your hair is shaped nicely it will be easy to set each evening, and if it is curled every day you should not need a permanent wave. Fre-

quent shampoos are necessary to the health of your hair.

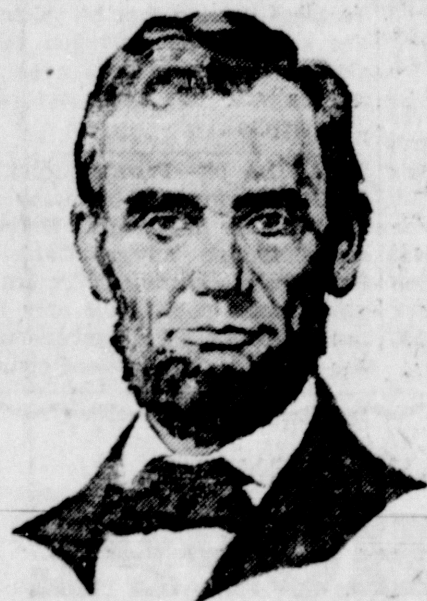

5. Grooming Pattern. . . . Fastidiousness is important if you wish to be charming. Stocking seams must be kept straight, anchored properly. Hells can't be run down; lifts should be repaired at the first sign of strain. Slips should be kept at the length that will never show below dress or skirt. All accessories such as handbags and gloves should be kept clean and in repair. White accessories are prettier if kept crisp and bright white. The little time involved in washing and ironing them shouldn't tempt you to wear them a second time to escape the minor laundry chore.

6. Make Your Time Count. . . . Vivacious people are busy people. Don't develop a mopey attitude toward life. Cultivate interesting people and your awareness of others will help stamp you as a personality girl. Be a good listener and you will never bore people. A hobby will keep you entertained and help make friends.

Youth is the time to learn about expressions about characters and how to be handy information in future years when real tests of friendships need to be made.

MALVERN, Ark. (AP) — A white leghorn pullet here may deserve some sort of award for egg production for a beginner. The pullet's owner, James Bell, deposited on the editor's desk at the Malvern Record an egg laid

by the pullet in her first effort. It measured 8 1/4 inches around at the ends and 6 1/2 inches around the middle. It weighed 5 ounces. A standard egg for a full-grown hen, with considerably more experience at egg-laying, weighs two ounces

Household Hints

HERE COMES WINTER and readers of this department are anticipating it with letters that can make a Southerner smile.

But J. A. J. of Oshkosh, Wis., writes about a problem that brings up a subject of winter timeliness in southern regions as well as in living in our new home for two

the North.

He is worried about snow and ice on the roof. And the most practical gadget he can use lends itself to speeding gorgeous flowers in the South, or any other place for that matter.

This is an electric heating coil, available at most electric supply shops or well-stocked hardware stores.

J. A. J. says: "We have been in living in our new home for two

years and during each of the past two winters we have been troubled with a heavy coating of ice forming in and above the eaves troughs. On mild days the water melting under the ice seems to back up under the shingles and leak through the roof boards.

"By keeping the roof clear of snow and chipping channels in the ice, through which the water may escape, I have been able to prevent any serious damage to the inside of

the house. However, I am still looking for a permanent solution to the problem and for relief from the disagreeable task of having to pull the snow off the roof after every snow storm."

THIS IS a very common problem in the north. Whenever icicles form at the eaves you can almost always find an ice dam formed along the edge of the roof. This is because water from snow melting on the warmer part of the roof above the house, freezes again when it reaches the colder overhang of the eaves. More water backs up behind the ice dam and seeps under shingles, leaking through to stain plaster and spoil wallpaper.

Electric heating cable laid in a zig-zag pattern along the eaves will melt this ice, forming channels through which water can drain off. It works on the same principle as an electric blanket or any other electric heating unit, being of hair-pin shape no matter how long. Therefore, you can't cut it.

However, heating cable sets can be obtained in 15-foot, 30-foot and 60-foot lengths with ends fitted into weatherproof electric plugs. You can plug the 15- and 30-foot lengths into ordinary house current, either in an outdoor weather-proof outlet, or through a window to an indoor outlet or extension. The 60-foot length, however, which is actually 120 feet of heating cable in hair-pin style, calls for 220 volts, which is the common electric range current.

You can compare the cost of operation with that for electric lights on this basis: a 15-foot hair-

Camera News

By IRVING DESFOR

WITH THE START of a new year, let's take a moment to leaf through Father Time's 1952 photo album. A few unusual, off-the-beaten-track items catch my eye and I wonder if you recall them.

Here's an amusing paragraph about the thoughtful wife of a White Plains, N. Y. camera bug. For his 50th birthday she decided on a gift of 50 flash bulbs. While buying them, she had the happy inspiration of getting herself an easy-to-work box camera with flash-attachment. At home, before wrapping each bulb in gold paper, she carefully tested it in her new attachment. She was proud of her achievement in knowing for certain that each and every bulb "worked!"

Speaking of flashbulbs in quantity, wasn't the feat of photographing in color the "Big Room" of the Carlsbad Caverns in New Mexico a remarkable achievement? By exploding 2,400 flash bulbs simultaneously in a spectacular burst of light, the biggest flash picture thus far was put on the photo records.

And while on the subject of large size, I wonder if it's possible that the largest photograph ever displayed in the United States was a factor in the election of Eisenhower to the presidency? For here's an item, early in the year, about the making, and display of 45-foot-high photographs of Ike to support his candidacy in major cities of the nation. Four stories high, and just as wide, these portraits boasted a five-foot eye and a 17-foot mouth. No wonder Ike loomed large when the ballots were counted.

IT'S SAD to note that sometimes taking pictures can be a prelude to fatality. On a New York rooftop, a 17-year-old youth looked around for a suitable setting for a snapshot. While his pretty girl friend held the camera, he stepped on a skylight. It gave way beneath his weight. As he crashed through, he managed to grasp a beam with one hand. Dropping the camera, the girl tried to help him. They

pin of 30 feet of heating cable is rated at 180 watts by the General Electric Co. The 30-foot hairpin is rated at 400 watts; 60-foot hairpin at 800 watts. In other words, to keep 60 feet of cable warm should require about the same current needed to keep eight 100-watt lights burning.

THESE HEATING CABLES can be laid in the soil of hotbeds and connected with thermostats to maintain constant growing temperatures. Or you can use them for thawing frozen water pipes or to keep pipes from freezing.

The cables would work encased in concrete, asphalt or black top to melt snow from sidewalks or driveways, but General Electric points out that such uses "may prove prohibitively expensive due to the cost of installation and operation."

You can get a 20-page booklet of instructions on the installation of heating cable by writing to the Construction Materials Division, General Electric Co., Bridgeport 2, Conn.

SUN OF CANADA IN 1952 SOLD \$545 MILLIONS

Policyholders' dividends for 1952 upped to \$22 millions — Company has 47% of assets in U. S.

New business for the year topped all Canadian companies at \$545 million and total insurance in force of more than \$5 billion are among the many outstanding figures reported in the 82nd Annual Report of the Sun Life Assurance Company of Canada, just released by George W. Bourke, President. During 1952, policyholders' dividends will amount to \$22 millions, \$2 millions more than last year. The Sun Life has 47% of its assets invested in the United States.

Mr. Bourke, reviewing the 1952 figures of Canada's leading life company, stated that the increase in the Company's new business over 1951 was 18%, which included group insurance amounting to \$165,487,000, a gain in group business of \$71 million for the year. The Company's total life insurance in force has grown to \$5,222,947,000, an increase of 8.8%, including group insurance in force of \$1,493,501,000, up 19%. Annuity payments which the Company has undertaken to provide immediately or in the future, through individual and group contracts, amount to \$117,833,000 per annum.

The Sun Life, an international company with branch service in many leading United States cities from coast to coast, paid out in benefits during 1952 almost \$600,000 for each working day, or a total of \$118,618,000. Of this total \$81,632,000 was received by living policyholders, and nearly \$37,000,000 was paid to beneficiaries of deceased policyholders. Total benefits paid since the first Sun Life policy was issued in 1871 amount to \$2,604,604,000. The interest rate earned on the assets was 3.84% compared with 3.70% in 1951.

The Sun Life, operating in nearly 30 countries of the world, does more than 90% of its business in the United States, Canada and Great Britain.

A copy of the Sun Life's complete 1952 Annual Report, including the President's review of the year, is being sent to all policyholders.

All inquiries regarding the life insurance services of the Sun Life of Canada in this district should be addressed to J. C. Stahl, District Supervisor, or William E. Troxell, District Representative, Weaver Building, Gettysburg, or L. V. Drury, Branch Manager, Philadelphia. Group insurance inquiries should be sent to J. W. Kerl, District Group Manager, 121 South Broad Street Building, Philadelphia.

both fell into the shaft. She was killed and he was critically injured.

There's a moral here, and if it teaches us to be sensible as to where and how we take pictures, it will not be wasted.

Such precaution would have benefited a young man in Brooklyn in April. It seems a lumber supply store has been pilfered a dozen times. The owner, a camera fan, finally rigged a flash camera to an alarm. Once again the store was broken into. The set-up camera flashed, rang an alarm and after processing, revealed the image of a frightened neighborhood youth. Having gone out of his way to have his picture taken, the young man found the police only too cooperative in taking more formal portraits—full face and profile.

And speaking of a police portrait gallery, do you remember that it was an F. B. I. "Wanted!" portrait that led to the capture of the notorious Willie Sutton in February? Arnold Shuster, another Brooklyn youth, remembered the picture hanging in his father's shop. When he recognized the alleged bank robber, he tipped off the police.

Shuster's photographic memory deserved a better reward than what fate had in store. Less than

a month later he was murdered—a crime that is still unsolved.

IN THE SCIENTIFIC FIELD, a delicate photographic stunt was revealed by Ralph P. Creer of Chicago in September. At a meeting of the Biological Photographic Association in New York he showed a picture taken with a camera in which a sheep's eye had been substituted for a regular lens.

Despite the momentary gasp of surprise across the nation, there was absolutely no mad rush by camera owners to trade their lenses in for animal eyes.

And talking of animals, I like the item from Huntsville, Alabama, about Sambo, Sambo is no ordinary alley cat. No, Sambo is a high class feline who proved to the satisfaction of Lloyd's of London that he was professionally employed as photographer's model. Now Sambo's life is insured. But even Lloyd's isn't revealing which one of Sambo's nine lives is insured. And Sambo doesn't care. Thanks to photography, he's "feline" just fine!

The lightest player in the National Hockey League is Don (Bones) Raleigh of the New York Rangers. Raleigh weighs 150 pounds.

NEW RAF FLYING SUIT NEW YORK (AP) — Pilots of the Royal Air Force will soon be issued new flying suits designed to meet the needs of the modern airman, reports the British Information Service here.

The suits will combine the present pressurized "gravity suit" which enables the pilot to make high-speed turns without blacking out, the pressure waistcoat for maintaining life at high altitudes, and the flotation gear and padding for protection against forced landings at sea.

GREENCASTLE, Ind. (AP) — A seventy-one-year-old man celebrated a little too much after his 25-year-old wife gave birth to a boy.

Mayor Evan Crawley sentenced him to 180 days on the State Farm on charges of being drunk and for reckless driving, but he suspended the sentence on provision the offender leave the county as soon as his wife and baby get out of the hospital.

MANILA (AP) — Private individuals in Manila own twice as many guns as are in the hands of all the city's law enforcing officer. Daniel F. Batacan, presidential police adviser, says Manila police have only 10,020 firearms while 19,945 weapons are in the hands of duly-licensed civilians.
